IMPROVEMENTS MADE FOR COLLEGE DURING VACATION

As the last good-byes were said, the students from the University of Georgia and the surrounding states boarded the train which carried them to Lagrange College.

A group of students went away feeling that excitement tinged with a feeling of awe. But to those of us who were returning to our Alma Mater it seemed as though we would never arrive.

And when we did arrive what a sight met our eyes. The college campus had been transformed. So much surprise and fondly called, is the formal reception.

The whole institute was bought for the halls in which Mr. J. E. Dunson, Jr., each member of the faculty was presented with a small token.

“Annual Open House” was held. “Open House,” as it is called, is a sight met our eyes. The college colors, red and black, the college colors,

The girls going away from home for the first time probably had a feeling of excitement tinged with a feeling of awe. But to those of us who were returning to our Alma Mater it seemed as though we would never arrive.

Welcome, New Girls!

Again the doors of LaGrange College have swung wide open and through them have entered a large number of girls to make L. C. their college home. The Scroll staff, as well as all the other old girls, extends to these new girls a very hearty welcome and encourages them to help us in every way we can. The best way to do this is to be friendly and nice to your neighbors, and to the great standards which we all hold at our college schools.

Vacation

That intermission of business, or study, that long drawn-out re-creation between June and September is commonly called Vacation by students of Educational Institutions. This period is needed into our dreams and night-mares, so that we can come back invigorated to what may be the best time of our lives, Spring, or Winter, Summer, or Fall. The beautiful, dreamy, and wandering eyes of one L. C. girl over Summer vacation will bear the mark of a summer romance; the zeal and eagerness of a new L. O. will begin to affect the wiser in us. For in the depths of those eyes one can see the excitement of a summer romance; the zeal and eagerness of a new L.O. will begin to affect the wiser in us.

Contest to be Held at The College

(Sentiment from page 1.)

Robert Pearson, of Atlanta, Ga., is in charge of Miss Sue Tanner, of Carrollton.

It is interesting to know that the Georgia College is in charge of Miss Sue Tanner, of Carrollton.

It is through that great spirit of mutual understanding and cooperation that we have these improvements, and they have been made by the students in their spare time and money in order to benefit the students of L. C. Only a few of you have noticed that we, as students, can offer that of the many opportunities offered us here.

The best way to show our appreciation to everyone who is willing to contribute to the many exercises of LaGrange College is by study and progress.
The Special Class Elects Officers

The Special Class has reorganized and we are now in the process of choosing persons to fill the officers of the class for the coming year. As all our officers for the past years have been upper class girls, we therefore think it would be quite interesting to have a lower class girl chosen.

We are not the least bit down, and we look forward to making the class the finest it has ever been.

We Are Here—the Sophomores

Yes, we are—full of wisdom and ambitions and enthusiasm. We are not the least bit down and out, either. We have been very busy and have accomplished many things in the two weeks we have been here. We have elected class officers: President, Miss Margaret Chester; Vice-President, Carolyn Hairson; Secretary, Sallie Adams; Treasurer, Frances Givens; Athletic Representative, Madeline Walters; we have organized into the Athletic Association, and have arranged into the large University College; we have now settled down to real work and that’s what we want.

We have a number of new members this year and we are very proud of them. Masel Cathey, Redding, toledo; Miss Jane, S. C.; Mildred Blackmon and Mary Allen, Saturday, are new ones we have had. May Stipe, Athens; Mary Ellen Baker from G. W. C. V., Valdosta. They help us with new ideas and plans, and we are depending on them to help us with more new things later in the year.

Now, a word to the Freshmen. Of course, we are an underclass—yes, I suspect you do. That is what Freshmen usually think of Sophomores. We make you feel like it, but we don’t mean to. We’re not very fond of doing things over or even like to do. We “highly” think of the Freshmen as a bunch of boisterous girls. We are Sophomores and you are Freshmen. But now let’s be friends, Freshmen—every one of you—and we’re sure you’ll want to come to our college and you will enjoy every minute of the time you are here.

A Word From the Juniors

My, but the Juniors of L. C. have some pep and speed, for they have already started to work by selling large pies and sandwiches. Don’t you want to buy some?

Moreover, we have Miss Maude Hooker Duncan, as our sponsor. Last year she proved to be a great help and pleasure to us and we know she will just as fine this year.

But, just look at the Juniors who are holding major offices on the Hill. May Bell: Secretary of the Freshmen’s Student Government Association, and proof reader of the Scroll; Catherine Chestnut is House Mother of the Freshmen; Ruth Hill is graphic editor of the Quadrangle, and Junior class representative to the Athletic Council; Julia Tindle is chairman of the Tea Room Committee, and Assistant Business Manager of Quadrangle and treasurer of the ladies’ association; Mildred Stipe is president of the Spanish Club; Julia Allen is vice-president of the Student Government Association; Miss Patty Mallette is president of the Spanish Club and Club and Feature editor of the Quarterly; Sara King is treasurer of the Y. W. C. A. and Assistant editor of the Quarterly; and Miss Margaret Fisher is under graduate representative of the Y. W. C. A. and Carolyn Alan is Junior class representative in the Scroll and Quadrangle.

Every where you look you find junior class members of the faculty.

We are not the least bit down, and we look forward to making the class the finest it has ever been.

C. E.: This book says Ivanhoe hiking during the year. Even if we had known about the possibility of putting on a Little Women, now wouldn't that be great? Well, why not come out and win a letter? There are various ways by which you might win points toward a letter; so if you will work hard enough and do receive the required number of points you will be the proud owner of something well worth working for.

And how can you receive points? There is tennis, basket ball, volleyball, and all sorts of other outdoor activities which will be new to the old girls as well as the new girls. We also expect to have a great deal of fun during the year. Even if you think you can't do any of these things, come out and try. You will at least be helping your class, for there is a beautiful loving cup to be awarded to the class that wins the highest number of points.

New girls, we need you. We need your cooperation, your enthusiasm, and above all, your L. C. spirit. Won't you help us to make this a year full of pet?

The Y. W. C. A. Gives
Reception for New Girls

The first social event of our college year was the Y. W. C. A. reception held Saturday evening, September 15, in the college parlor, honoring the new girls. The rooms were artistically decorated with early fall flowers whose colors blended beautifully with the evening gowns of the college guests.

Early in the evening "prom" cards were distributed and the old ones for the few minutes allowed for securing partners. Ten proms were enjoyed in which new friendships were made and old ones renewed.

During the last proms ice cream, "our favorite," was served and after a chorus of college songs the new girls were escorted to their respective homes by the old girls, placing the role of college sweethearts.

For the sake of tired and weary college girls who do not wish to lug armfuls of packages up the hill Cleaveland-Dix Co., has kindly offered to deliver packages for the girls. Any girl suffering with a heavy load of packages, write your name on them, leave them with Mr. Cleaveland or Mr. Dix and they will be delivered for you.

Let us be content in work to do the thing we can and not presume to fret because it's little. —Elizabeth Barrett Browning.
