Y. W. C. A. Announces Visitor

On campuses around the world, students are setting themselves to try anew Christ’s way of living for themselves and with others. The Student Volunteer Movement is an organization of such students throughout the country who purpose to share in the efforts of those modern missionaries who are reaching to people around the world.

Twelve thousand of these students, in the last forty years, have gone into every region of the earth, living and teaching Christ’s principles in hospital, in school, in agricultural institutes, in legislative halls, in friendly contact.

David Kendall is a representative of this Student Volunteer Movement. He is a graduate of Kentucky Wesleyan College. His interests and activities during his college days were varied, and included athletics, debating, literary society, Y. M. C. A., local, state and regional work, and Church partnership.

Next year he plans to continue his preparation for Christian work by attending a Church school. During the past year he has been travelling among the colleges, presenting to students the possibilities of college work for the Church. Students on this campus will be glad to learn that Mr. Kendall is to visit here November 13 and 14.
