Dr. Edward McCrady — DISCUSSION

Hethcox, Hays, Wages, Alpha Psi Pledges

Alpha Psi Omega, the national honorary fraternity for drama on the hill, has pledged three qualified people for membership. Louise Hays, Mary Ann Wages and Jerrell Hethcox are the new pledges who will be tested at a forthcoming banquet to see if they will be admitted to the group. Alpha Psi, one of the three national honor groups on campus, is limited to those people amassing 100 points in dramatic production, whether on stage or of film. The Theta Gamma cast on the hill is affiliated with approximately 300 other such groups all over the country.

Miss Irene Arnett, associate professor of speech on campus, is the sponsor for this organization. Charles Jones is the president of the State Methodist Student Movement. Reservations are being made for Friday night, October 8 and 15, for the installation of the chapter will be around the first of November. Application will be presented at the installation of the chapter will be around the first of November.

On Oct. 27 and 28, Dr. Edward McCrady, resident and educator, will be the speaker during Religion in the week of the Methodist Student Movement. Reservations will be speaking on “Science and Religion.”

While here, Dr. McCrady plans to give public lecture on “The Creation of the Universe” and a conviction address on “Causality and Freedom.” In two informal meetings with students and faculty he will discuss “The Mechanism of Hearing” and “Satellites and Education.”

In 1927, after his graduation from the College of Charleston, Dr. McCrady began his career as Assistant Curator of Public Instruction at the Charleston Museum. He continued his education through the University of Pittsburgh. In 1947, he became professor and head of the Biology department at the University of the South. Since 1957, a position first held by his grandfather in 1927, Sechler has served as chairman of the Board of Visitors of Air University. Chairman of the Tennessee Rhodes Scholarship Selection Committee (1958), Fulbright Scholarship Selection Board (1952), and the National Science Foundation Committee (1956-1957). Since 1957 he has

Where's There Smoke?

The current popular song that begins, "There goes the Hill," is getting to be ridiculously true—at least on this Hill. The second false fire alarm of this month hit Smith last week, and, as if looking down at the little boy who cried "Wolf" once too often, the girls of that dorm merely laughed as the fireman rushed up.

There is a two-fold fault in this mess. First, why doesn't the Hill's smoke alarm system get it in good working order?

Secondly, it should be obvious to anyone who values his life that when a fire alarm goes off, no matter how many times there has been a false alarm, all fire drill procedures should be exercised. The penalty for staying in bed, etc., during one of these drills is a major call-down.

We hope from now on that we and the LaGrange Fire Department will be able to relax and wait patiently for the return of the good "scheduled" fire drills.

Tennis Players To Unite; LC Sees Birth of New Club

Birth of a Girl's Tennis Club on campus was the result of a very cordial interview between two tennis enthusiasts who watched a match between roommates Jane Nixon and Sally Cowen.

The idea occurred almost simultaneously to freshman, Jackie Miller, and sophomore, Elaine Hopper, that if such a club was founded on campus it would enable girls who had been only spectators to become participants in the sport.

Jackie and Elaine decided that it would be best to start the club out as a small group and if the club gained momentum, it would be possible to extend it to include all sports.

The only limitation placed on membership was that each club member be able to represent equally and every girl invited to join must have shown an active interest in desiring to better her game of tennis.

The two girls agreed to help set matches for Saturday afternoons and offer "pointers" to each other.

Campus Traditions!

LaGrange has taken one more step toward an academic ideal with the formation of Pi Gamma Mu, a National Social Science Honor Society.

This group, with emphasis primarily in the fields of economics, history, political science and sociology, will be composed of students majoring in these courses and eligible students.

To become a student member, one must have a B average, 30 quarter hours accumulated in these fields, and be in the top 35% of the upper class. Membership, however, is limited to 10% of the 35%.

We applaud this latest honorary organization on campus and look forward to seeing many others come and join Sigma, Alpha Psi Omega and—Pi Gamma Mu.

Hawkes Building, on which remodelling work has been in progress since July at a cost of $800,000, originally cost only $200,000. The cost to re-do two floors and add a third floor is now $400,000. It was described in an early college bulletin as "one of the finest college buildings in the South."

The late Park A. Dallis of LaGrange, who also designed a number of other college buildings, was the designer of the forty-seven-year-old buildings. It originally contained the library, offices, a reception room, and a large parlor. This parlor is used for exhibitions, receptions, and such social occasions as Saturday evening dances when the store became a part of the college.

"The Harriet Hawkes Memorial Building is just completed and is one of the finest college buildings in the South," began the 1914 LaGrange College Catalogue.

"It contains a large library and reading room, office room for the Librarian, offices of the President, Bookkeeper, and Registrar, separate, large rooms, to be used for Geology, and the other as recitation room, and there is a reception room. There are four dormitory rooms in the south, and containing a swimming pool was housed in the basement where the Little Store is today. The verandas and pool were removed before 1915 when the store became a part of the college.

This building was built, heated, lighted by parlor, and carries a stipend of $1500 annually.

Wilson Grants Offered For 60-61

By DR. L. JOVAN

In order to make a college curriculun an effective guide in our lives, it seems to me that concern for more and better qualified college teachers is but a natural outgrowth of our beliefs that the future of our nation rests on a great college education within the framework of a good college education.

The Wilson Foundation awards annually one-thousand fellowships for graduate study at any university or college. One of the recipients of this choice in the United States or Canada is the graduate program is open to college graduates in the field of humanities, natural and social sciences and carries a stipend of $1000 plus full tuition, and, in the case of married fellowship recipients, it grants also an additional allowance for wives and children.

All interested seniors, who are considering college teaching as a career, please, discuss this with your advisor. Write us promptly so that we will give you the necessary information.
Letter From Bobbie Cobb
Depicts Scenes of Travel

The following is a letter from Bobbie Jean Cobb, a former LaGrange College student, who is currently studying at the University of Marseilles.

October 2, 1959

Hi,
This letter is a little late, but I can't realize the worry and rush in preparing for a trip back to Europe. As you can tell, I am not a writer and my letters shall be very short.

From the first of June to the first of September I worked frantic-ly to get clothes and other necessary articles together. Believe me, there is a lot of paper work involved in going from America to Europe. The director at the Institute, Mr. Maza, was very helpful in getting me a visa to travel with a group from Southwestern at Memphis. We traveled by bus from Memphis to New York City where we stayed three days. Of course, that was an exciting experience for me (being in New York), but I didn't realize how terrible New York really is until I got to Paris.

It is unfair to try to tell you about Paris, for one can really appreciate the squares and beauty only when he sees it for himself. In seven days I could only see the highlights of that beautiful city—Montmartre with its paint-ers and cafes, Pigalle with its night clubs and strip shows, Champs Elysee and its expend-i-tive shops and sidewalk cafes.

The group went in visit Ver-saleis and Fontainebleu. I can't believe one could see it all in only seven days. Of course, that was an exciting experience for me (being in New York), but I didn't realize how terrible New York really is until I got to Paris.

BOWLING 'EM OVER

By FREDDIE BOWLES

This is the time of the year when there are three major sports events. The Los Angeles Dodgers have just won the World Series and carried the world championship to the west coast for the first time in the history of baseball. The Dodgers represent the true rags to riches story, climbing from seventh place in the National League to first place in one short year. They were not the best team in the National League play-off with the Milwaukee Braves. But, nevertheless, they were the best team in the World Series against the Chicago White Sox. The Cinderella team were not the best team in the National League getting in behind the Dodgers and finishing in seventh place in the National League. Freshman: What is there to do around here in your spare time?

Upperclassman: There are lots of student organizations on campus that you can belong to.

Freshman: Tell me about some of them.

Upperclassman: Well I'll begin with the Student Government Association. Every student at LaGrange is a member of the SGA and the Student Government Council is elected by the vote of the student body. This council makes the rules according to the powers granted to it by the college president and faculty. Each year the SGA sponsors many projects including the Junior-Freshman wedding, after which a formal dinner ceremony takes place in the little chapel, when all the new students are granted full membership.

Every student is also a member of the Student Christian Association whose purpose is to promote right-living and religious activities in every aspect of campus life. This association is directed by a cabinet composed of officers, elected by the student body, of the SCA's executive committee and the presidents of other major organizations. The SCA sponsors vapors once a week and numbered other projects throughout the year. The support of a small Pueblo boy suffering from tuberculosis, Dario, the SCA is a chapter of the national YMCA and YWCA. The Student Camp Association is composed of all girls on the campus and seeks to promote an interest in sports, physical development, and good sportsmanship. The SCA carries on its activities through the WAA council with members representing each class. This organization sponsors many such activities as Student Night, Field Day and May Day. The WAA is a member of the national Athletic Federation of College Women.

The Men's Athletic Association is composed of all boys on the campus and operates the intramural sports. This association is directed by an executive board and functions primarily to promote better understanding and cooperation among the men of different denominational groups. The mission of the Men's Athletic Association is to produce the college yearbook, the Quadrangle.

Four times a year, the literary magazine of the college is published by a staff of students elected from the student body. The magazine features special features which often include prose works pertaining to the season of the publication, but most of the magazine is devoted to creative writing by the students. At the end of the year, a group of judges chosen from the faculty consists of all published in the Spectator. They judge the contributions as to excellence and elect not more than four members to the Scroll of Fame, a group of students thus honored who are remembered in the English room.

Every two weeks the staff of the Hill-Top News publishes the college newspaper. The editor and business manager of the newspaper are elected by the student body and along with a faculty committee appoint the members to fill the other staff positions. Anyone interested in writing for the paper may do so and serve on the staff.

For all men who are preparing themselves for the ministry, LaGrange maintains the Ministerial Association. This group was organized so that the members could enjoy opportunities of fellowship and share their Christian experiences with one another. This association takes an active part in the religious activities and projects on the campus.

The Choralaires is a mixed chorus of students at LaGrange, and is led by the MSP council which works closely with the First Methodist Church. Every year a delegation from the State Student Conference and other such bodies is sponsored by the group for trips to the Southern Baptist Union and is provided for and promoted by the Baptist Student Union.

The Westminister Fellowship is one of the newer denominational groups who wish to join. This year the group sent delegates to the State Conference at Rock Eagle and brought back new ideas for next year's work. The Circle K Club is sponsored on the campus by the Kiwanis Club, a club for men. Each year the club elects its members to number a number of men who have met the requirements of leadership, character and scholarship. Circle K is a service club and sponsors numerous projects throughout the year, including a loan fund for the students who need money and pay back as they wish. The Lutheran Club is one of the latest organized clubs at LaGrange, and is made up of student members who share a common faith in Christ. The group meets monthly to discuss problems and hear speakers on various social subjects. Often the members themselves make the reports on their research.

Newman's Music Educators National Conference is associated with the national organizations through which the members share of happenings in the music world both past and present. This is one of the new organizations at LaGrange and is composed of students whose major is either music or music education.

Finance to the Flavors Club is the highest distinction that can be conferred on a student at LaGrange. Eligibility is conditional upon the academic hours taken and the academic standing of the student. Members are elected each year upon recommendations of the faculty. The awards are at commencement.

Freshman: With all that around, I ought to keep busy.

Upperclassman: Sure. And remember to join right in, you are welcome anywhere!
