Panthers Take Runner-Up Spot in GIAC Tourney Play

The LaGrange College Panthers were declared "Runner-Ups" in the Annual G. I. A. C. Tournament after a rip and tuck, see-saw 34-31 affair filled with much determination and excitement.

This marked the second straight year that the L. C. Cagers have walked off with second place. The first place trophy.

From beginning to end there was never more than a four point difference between the two teams. The score board showed a close 24-22 tilt when the half time buzzer sounded. The Panthers watched a 34-27 lead vanish in the last 1½ minutes of the game.

A quick bask by Jay Dye of the Petrels from Atlanta took home the first place trophy.

If the Cagers of L. C. are succeeding in winning the Championship Trophy at the end of the season they will go to the Georgia-Florida Playoffs. If and success days with them they will go on into the National Playoffs in Kansas City.

Early Season, Troy Games Warm Up LC

The LaGrange College Panthers opened their 1959-60 season with a victory over the North Georgia Cagers in Dahlonega. The Panthers had little trouble in handling a scrappy Cadet team as they won 85-73. Four players hit in the double figures for the LaGrange team. The co-captains, Wallace Brown and Wayne Copeland, collected eleven and twenty-two points respectively, both turning in their fine performance.

Jerry Carden was the high-point man for the game with twenty-two points apiece. Jerry Alderman led the Blue Jacket tournament roll around we saw a victory over Valdosta State. The Panthers opened 85-73. Four players hit in the double figures.

Wallace Brown and Wayne Copeland shared high point honors with twenty-two points each. Pete Robinson and St. Gemme collected two points each.

This marked the second straight season that the L. C. Cagers have been "Runners-Up" in the G. I. A. C. Tournament. Wayne Copeland, Jerry Carden, and Wallace Brown were declared "Runner-Ups" in the Tournament last year.

Buddy Grimes stepped out of character by scoring twenty-two points. Last year he was the playmaker for the team setting up his teammates line after line. This year he added to his duties as playmaker by showing his shooting capacity, Larry Bowser scored three points and Ole Smith and Dale St. Gemme scored one apiece to round out the Panther scoring. Boyd was high man for the Cadets.

The Panthers then came home to open their brace season with a victory over Valdosta State. Should Registration Plans Be Revised?

Lines, lines, lines . . . closed out classes . . . schedule conflicts . . . more lines: These are the annoying aspects of registration day. Standing in line with nearly 350 fellow scholars, fighting to get to the major advisor, waiting to get to the sectioning tables, and waiting in the numerous other lines adds up to no fun at all.

To eliminate this tiring and awkward first-of-the-year crush, we submit the following plan which is based on the registration procedures of a number of other small colleges.

(1) When the incoming student decides on a major, a two-minute list of requirements (general, major, teaching certificate) will be put in his or her registration folder. For freshmen and sophomores with no major, a list of general requirements will be used.

(2) Students will register during the middle of the quarter for the following quarter. The student will carefully plan with his advisor, selecting his courses from those scheduled by the Dean. At the time of registration, the completed schedule will be checked off the requirement list. The folder will be returned to the registrar's office by appointment (the student). If he does not show up at the specified time for final checking.

(3) New students will have to register at the beginning of the quarter, but still by appointment with the advisor.

(4) The class schedules can be made from the completed courses. This eliminates the almost useless preregistration.

(5) Any conflicts can be ironed out and the final schedule then posted before the last day of the outgoing quarter. Students can go home much happier knowing that they will not have to come back and face registration lines.

(6) On the first day of the new quarter the students will report to the business office by appointment and will come in or two minutes apart, to settle financial matters.

(7) Students, faculty, and administration will now be ready to start off the quarter on a much more cheerful note than under the present system.

It is hoped that the administration will consider this plan and, if possible, adopt it before spring quarter. We feel confident that it will mean one hundred per cent cooperation on the part of the students. Without anonymous appraisal and a feeling of relief.

Letters To The Editor

Dear Editor,

We need your last edition. We received a letter from one of our fellow students which attempted to prove that we, too, have some points in need of correction. The most prominent of these was the over-enthusiasm of the editor in congratulating certain actions. Regrettably, we note a glaring repetition in this past edition. We refer to your put on the back of the student government. May we carefully point out that this is not intended to be a criticism of the student government for its actions (although there is ample room for fault), but, rather, a criticism of your hearty congratulations to that organization.

It doesn't require much thought or investigation to point out that the trouble laid not in lack of sufficient punishment but in the failure of the concerned student government officials to enforce the already existing rules and penalties to our knowledge no one has yet been the object of punishment because of violations of any rules pertaining to that matter. It seems to us that the threat of greater punishment has just not been enough to deter the present lack of enforcement by student government officials may be labeled impermeable.

So, Editor, we take the liberty to point these things out to you in the hopes that you will not have to come back and face registration lines. We cannot, however, condone your congratulatory remarks when it is quite obvious that they are in order.

Sincerely,

Some Concerned Students

Pen Points

We welcome all new students to the campus, hoping you will come to love it and grow through your association here. Also we welcome the new house mother in Pitts, Mrs. Alfred W. McClure of Canton, Georgia. She replaces Mrs. Talbott who has moved to Hawkes Building.

The promise of weather-shrugging the corner rooms of the three girls' dormitories is welcomed news. We understand this will be done over the summer vacation, and it will be indeed an improvement for the present situation.

Plate Or Sack

Nasty rumors are flying to the effect that Sunday evening suppers will soon be discontinued. The replacement will be that unavoidable substitute known as the sack supper.

One of the most attractive features of the dining hall operation has been the fact that we have been blessed with an evening meal on Sundays. It is true that most colleges do not serve supper on Sundays, so LaGrange College students have been blessed with an evening meal on Sunday evenings.

Sack suppers are hardly adequate—certainly not filling or tasty. Many of the students might find it difficult to get to a restaurant in order to get a full meal.

We hope that Mrs. Cook and the other officials involved will reconsider any plans toward the closing of this meal. Vive La Sunday supper.

Non-fiction titles have been ordered. Ed. Note: It is interesting to note that three students served a three-day restriction before the SGA was enacted. Three students have been elected an alternate cheerleader. The Student Senate recently was privileged to announce the Student Senate is pleased with the results of the elections.

Women's Christian Association. Until boys of them want to change the name, the organization was called the Young Women's Christian Association. Then the Y.W.C.A. became affiliated with the Y.M.C.A., and today we have the Student Christian Association. Both organizations to call their services projects.

S. C. A. Name Change

On January 19, 1960 the student body of LaGrange College will vote on whether or not they want to change the name of the Student Christian Association to the Student Christian Union. The Young Woman's Christian Association, and the Young Men's Christian Association, under boys, became a real part of the LaGrange College campus. The organization was called the Young Women's Christian Association. Then the Y.W.C.A., became associated with the Young Men's Christian Association. Until boys became a real part of the LaGrange College campus, the organization was called the Young Women's Christian Association. Then the Y.W.C.A., became associated with the Young Men's Christian Association. The trend then was for campuses with both organizations, to call their organization Student Christian Associations. If the S.C.A. followed this trend, and today we have the S. C. A. Now the trend seems to be back toward calling the organization their full name, or for short the "Y" or "Campus Y".
