NAB Fails To Fill Top Staff Positions

The Newspaper Advisory Board, control group for the HILLTOP NEWS, declined action in appointing an editor and business manager for next year, Wednesday.

The board members present, voted to delay the appointments for one week due to the fact that formal applications for editor and only one for business manager were turned in to the group's chairman, Mr. Allen Thomas. By delaying the appointments for one week, the board hoped that possible contacts could be extended and that there would be several additional applications.

Dean Harwell noted that the board did not want to force the job on an individual, and expressed the general feeling of the group is that if there were not a sufficient number of applications for the positions, the board should consider suspension of publication after this quarter.

The other officers are as follows: vice-president, Diane Carrington, secretary, Margaret Layton; treasurer, Virginia Huffman; historian, June Mathas; Panhellenic representative, Ann Beaumon.

President-elect Porter Morgan reports that the Pi Delta's science week dance will be April 21, the same night as the Phi Delta's step-singing contest. The music list will be taken by the Trio a cappella from the University of Georgia.
