WHO'S WHO

Avery S. Massey

World Relatedness Committee

Ten outstanding student leaders on the LaGrange College campus have been selected for recognition in the national publication, "Who's Who in American Universities and Colleges."

Students who will be listed in the annual publication are Eliza grease Askew of Waverly Hall, Sylvia Ruth Cowan of Atlanta, Ronald Lee Culpepper of Columbus, Ollie Sue Gainous of Pelham, Larry Green of East Point, Hedy Delanie King of Decatur, Julia Eloise Masser of Americus, Gloria Ann Neill of Newnan, Hiram Andrew Oman of Newnan, and Marianne Welchel of Chickamauga.

All of the students are seniors except Miss King, who is a member of the junior class. All have consistently been named to the Dean's List for quarterly academic honors.

Selection for the honor, announced by Dr. C. Lee Harwell, dean of the college, is based on partici-

pation and leadership in academic and extracurricular activities, scholarship, character, personali-

ty, and promise of future usefulness.

Purpose of the publication, as stated in the foreword, is to pro-
vide public recognition of the worthwhile achievements of college students. Activities and honors of each student selected will be enumerated in the 1961-62 (twenty-eighth) edition of the national publication.

Mrs. Askew is majoring in gen-

eral science and is a student in the teacher education program. She is, or has been, vice-presi-

QUADRANGLE

Holds Elections

In student body elections on Nov. 30, Andy Owen and Ann Monroe were elected Mr. and Miss LaGrange College. Elected as Senior Superlatives were Suzanne Cooper, George Cohen, Larry Green, Melanie Moore, and David Haygood. Most Representative Freshmen were Johnny Gillis and Sandra Morton.

"WHEREAS, We, the students of LaGrange College, realize the need for great leaders in this state of Georgia, both now and in the future; and

WHEREAS, We realize that for this need to be met, educational opportunities and facilities need vast improvement; and

RESOLVED, That we do hereby oppose the law providing scholar-

ship grants to students attending private schools and request that these badly needed funds be used to bring about the desired ends."

The law mentioned in the reso-

resolution is a Georgia law which provides scholarship grants for students to attend private schools when they do not want to attend integrated state schools, according to Andy Owen, president of the SGA. This law, Andy said, is taking needed funds away from the state schools.

All I want to say is MERRY CHRISTMAS — hope yours is the best yet. We will see you next quarter after a long rest.

WHY DOESN'T LA GRANGE SERVE SACK SUPPERS?
By Paul Kendall

In an interview, Mr. Austin Cook, the business manager, listed several reasons why the college does not serve sack supper on Sunday nights.

When the college served sack suppers before, Mr. Cook said, students would eat the suppers in the middle of the afternoon, if they didn't like the contents of the sack, they would throw them away, sometimes on the way home. The college also tried serving regular suppers and cold or salad plates on Sunday night, but Mr. Cook said that a lot of the students who were signed up for supper did not show up.

Mr. Cook also stated that LaGrange has not served supper on Sunday nights for the last two years and that the schools which do are in the minority.

The kitchen help works from 9:00 a.m. until 7:00 p.m. on weekdays and, even on rotation, they get off one full Sunday every 6 weeks. Mr. Cook stated that he felt that the kitchen help could not do their own worship services on Sunday night when the college did serve sack suppers, it took the help an hour and a half to open up the sack suppers and pack them as it took to prepare a regular meal, according to the diet, friends, menu, etc.

About the food that the kitchen help takes home, at night, Mr. Cook said that their contracts include a certain amount of cash, plus three meals a day. The food that the help takes home is their supper.

When asked what would be the cost of serving sack suppers, Mr. Cook replied that the cost would depend on three items — labor, the paper bags and the paper to wrap sandwiches, and the food, which would vary in accordance with how much was served. Mr. Cook added that since some kinds of meat cannot be refrigerated to stay fresh the menu would be limited.

Students who do not earn might persuade some of the drug stores or drive-ins to deliver a large order of food to the dorms. Some drug stores and drive-ins have done this in the past, he stated.

When the new dining hall is completed, the college's dining hall will move into the present dining hall, the Johnston and Malone residence halls will be torn down, and the new college's dining hall will stay open on Sunday nights.

Who's Who...
(Cont.)
Marianne Whittaker is majoring in general science, a member of the following campus groups: SGA, SCA, Hilltop News staff, MSM, Sigma honorary science society, and Kappa Phi Delta.

Sylvia Cowan is earning a double major in English and Spanish. Her extra-curricular activities have included serving as chairman of the SMM and circulation manager of The Scroll. She has been a member of the following organizations: SGA, SCA, Choralaires, Delta, Tau Delta, Alpha Kappa Lambda, and Kappa Alpha Theta.

Ronnie Culpepper's major study is English and social science. His campus activities have included secretary, vice-president and president of Young-Ministerial Association, vice-president of his sophomore, junior, and senior class, Kappa Phi Delta, manager of the local chapter of MDGC, and a member of SGA, SCA, and Alpha Kappa Lambda.

Julia Massey is majoring in English, while her minor subject is sociology. Her extra-curricular activities have included the following: editor of the Young-Harris Quarterly, editor of the Young-Harris Magazine, vice-president of the Young-Harris Literary and Debating Society, president of the Young-Harris Drama Club, and assistant editor of The Young-Harris News and a member of SCA.

GOTTA' MINUTE?
Do Something About It!

The word "value" has many different meanings. Mr. Webster gives it fourteen different interpretations, one of which states that it is the "quality or fact of being excellent, useful, or desirable; worth in a thing." Therefore, a person's values are those things which he believes contribute to the point of excellence.

A man may be measured, usually quite accurately, by those things upon which he places great value. Some of us value a good book, others may value a heart and mind determined to do something important. It is only natural.

But let us compare our values with those of someone whose personal ideals have permeated the centuries with ever-gaining influence. Jesus placed values on the individual — not on the "righteousness" nor "sinfulness" of someone — but on the potential worth of that person as a WHOLE person.

Jesus, unlike many who have professed goodness or greatness, was able to look deeply within the spirit of humanity. He valued life, for he could see both the weakness of Peter in the coming denial while also recognizing the rock upon which he would build the Church.

Let us find that we are tied up with values on which we are built.

These are values which can only be answered by actions. The students of LaGrange College, as a part of humanity, need to look at values — not with the eye of complacency, but with an eye ready to see imperfection and a heart and mind determined to do something about it.

NEWS STUMP
By Richard Carlton

All the world is again in an uproar. But now says no one is interested in nuclear test ban, with or without international controls. The government for many smaller countries seems uncertain.

We're all glad to see that Americans are so individual that they rate so much space in newspapers and magazines. If Junior is not playing with toys from DeGaulle, then Caroline is having a birthday party. Some people even have their hair cut and combed in such a way as to cause a statewide interest story. They print such ridiculous nonsense as "this while a young man was in jail for 14 months waiting for trial; the inevitable sentence of one year will be given, which the judge has said the young man has already served. His alleged confederates have finished their terms, but this man has never had a trial. But a shame story does not wake up to itself and automatically lead to the second story."

That old Christmas spirit is in the air once again. May we all understand better the reason for celebrating every year. Maybo Christmas was started so's we could celebrate somebody's birthday. And so's we could celebrate somebo'dy else's birthday. And so's we could celebrate somebo'dy else's birthday. And so's we could celebrate somebo'dy else's birthday. And so's we could celebrate somebo'dy else's birthday.

This is one time of the year that people really try to go outa their way for others. There's a beautiful story behind Christmas, at least for the reason of his birth. It says someone gave his most cherished possession to others that he loved them. I like that story, so I'm gonna believe in it and celebrate Christmas by givin' my most cherished possession — LOVE. I hope you'll try the same, 'cos it's funnies what a little love and Christmas spirit can do for others. By the way, have a Merry Christmas and may your eyes and your season.

But even more serious before seen by men.

realize that divided as she is she can never hope to become the woman she was.

Emerson and Thoreau would like our individualism, but not to those who would include, when it begins to destroy America. America, the country indivi-

There'll be some changes made to this old world. America, the country indivi-

For Girls Only —

At the first of Fall Quarter, a Wardrobe Planning Class began meeting here on the LaGrange College Campus in the Simpson Room. This class was taught by Mrs. Dixie Patton of Atlanta, in cooperation with the State Department.

Each meeting was devoted to some phase of wardrobe planning. This included how to dress the style for the individual makeup and how to apply it, color combinations, etc. The class members helped one another by deciding the correct colors combinations. The class met once each week for two hours, lasting for eight weeks.

Many girls were not able to take advantage of this course because of conflicting activities. No one has decided to take this class for this problem. In the spring another such class will be taught.

Those interested are to enroll in January. Further notice will be given as to the time and place.

Each Saturday night is asked to take advantage of this wonderful opportunity.

Society On Campus

Last weekend seemed to be the week for all the social events. The weekend before exams everyone was trying to squeeze in as many festive occasions as possible. Maybe it was to cheer up people up for finals! At any rate, it did the trick.

Saturday night, the Student Christian Women held a dance in the gym for the purpose of collecting toy for underprivileged children’s Christmas presents. This was in connection with a Christmas project. The only admission charge was the presentation of a toy at the door. Siddle Ollison, social chairman, was in charge. One switch which made this dance interesting and different was the girls’ asking the boys.

The Alpha Kappa Theta sorority held a banquet Sunday night, December 3, at the Colonial Hotel. This was a Christmas affair, with seasonal decorations used for the motif. During the evening, the most outstanding Alpha Kappa Theta student was awarded the Fall Quarter. The winning of this title is based on general participation for the year.

Beverly Jones was the recipient for Spring Quarter 1961.

Upon entering first and second places in Girls’ Intramurals for Fall Quarter (volley ball), the Kappa Phi Delta’s celebration included having a combined meeting-party in the Simpson Room of the Gym. Monday night, with Melanie Moore, president, presiding.

A program of various talent followed the business session, with a visit from Santa Claus climaxing the occasion.

**PANTHER TRACKS...**  
Gamma Phi Alpha - Kappa Phi Delta  
Win Fall Intramurals Championship

*By JOHN GIPSON*  
*Sports Editor*

With the end of the quarter close at hand, intramurals begin coming to a close. The girls volley ball has already been completed with Kappa Phi taking the first two places. Both the red and the black team had an undefeated season with most of the games being a little one-sided toward the Kappa Phis. The participation of the girls in the ball games was better than ever before and all of the teams had tremendous support.

Even though there is one game left in the season, the Gamma Phis have already taken first place. They have won 5 games while losing 3 and tying 2. The game which ended their season and capped the championship, was played with Pi Delt on the 28th. It was a hard-fought game and could have belonged to either team very easily, but the Goblin took advantage of a pass interception early in the game, by Bob Bailey. On the next play Westmoreland flipped one to Bob Bailey. On the next play Westmoreland flipped one to Bob Bailey who hustled into the end zone for 6. The PAT was made by Bailey, who snagged one in the right flat. The Pi Dels moved well, as usual, but just couldn’t get that last punch to score. There was outstanding play shown by both teams, but I think Westmoreland and Owen played exceptionally well for Gamma Phi and Pi Delt, respectively. I would like to congratulate all of the teams for a great season and especially the Gamma Phis for coming in out front.

Give the Panthers your support — attend every home game. The first one is on January 6.

---

**LaGrange Becomes A Member Of Southern College Scholarship Group**

In August, 1961, LaGrange College became a member in full standing of the Southern College Scholarship Group. The purpose in joining the group was to enable L. C. to distribute its scholarships more equitably and efficiently.

The Southern College Scholarship Group was organized seven years ago in the hope that it could eliminate competition in the lobbies of banks for collection of funds. Clothing, toys, coins — these are needed to provide a Merry Christmas for some girl or boy. This program was sanctioned by our college Student Government. Every student is urged to pick Sigma Nu in this annual drive to let the people of LaGrange know that we on the hill care.

**Christie’s “Mouse Trap” On Tap For Winter Qtr.**

A "who-dunnit" especially for the mystery fan has been selected for the next LaGrange College stage production. J. B. Christie’s "The Mousetrap" will be presented by the Curtain Raisers Friday and Saturday, Jan. 25-27.

The cast named after recent arrivals will be Olifie Sue Galowus as Missى Briston, Bob Haddier as Giles Histon, Arlin Wallace as Christopher Wren, Gail Woodruff as Mrs. Boys, Dean Brown as Major Metcal, Beverly Barber as Miss Ewel, Purper Acter as Mrs. Paravicini, and Billy Hennings as Sgt. Trotter.

Miss Sylvia Strelland, assistant professor of speech and drama, will direct "The Mousetrap." Cynthia Bennett will be stage manager.

**Living Endowment**

Students have been hearing about the Living Endowment Fund, sponsored by the LaGrange College Alumni Association, of which Mrs. T. Scott Avery is president. This year there has been a total of $1,476 contributed by 123 persons — an average gift of $13.30 per contributor. These figures per contributor are approximately the same as those of Wesleyan, Shorter, Oglethorpe, and Berry colleges. The main differences is that a higher percentage of alumni of the aforementioned colleges contribute.

The total contribution for last year at the concurrent time was $1,118 — $358 less than this year. These figures sound good until one realizes the number of LaGrange College alumni in comparison to the number of contributors.

In view of these observations, LaGrange College alumni must awaken to the benefits derived from their education at LaGrange College and in return say, “Thank you,” by way of contributions to the Living Endowment Fund. Not until the alumni awaken to the benefits derived from their education at LaGrange College and in return say, “Thank you,” by way of contributions to the Living Endowment Fund.
