Martin Tells SGA Plans To Coordinate Campus Clubs

Miss Lillian Cumby
Gained By College;
Heads College Clinic

LaGrange College has a nurse. After several weeks of interviewing prospective applicants, Mrs. Mary Kelly has announced that a nurse has been hired. According to Mrs. Kelly, Miss Lillian Cumby will begin work in the college clinic on February 1.

Presently a resident of West Point, Georgia, Miss Cumby is a graduate of Grady Hospital in Atlanta. She received her B. S. in Public Health Nursing from Presbyterian College, Columbia, South Carolina, and did further study at Columbia University in New York.

In West Point Miss Cumby was president of the Student Nurses’ Club, and is a member of the Association of Registered Nurses and the Georgia Nurses Association. Mrs. Cumby plans to graduate from Emory University, Atlanta, this spring. She wishes to specialize in infertility cases. Miss Cumby was chosen as LaGrange College’s SGA President.

Pan-Hel Backed Dance Features Ronnie Milsap

By LAURA JOHNSTON

The inter-fraternity Council of Panhelletsic will sponsor an informal dance Friday night, January 31, Bill Smith, chairman of Panhellenic Council, announced this week.

According to Smith, the dance will be held at the Westside Junior High School gymnasium and will feature Ronnie Milsap and his band, Bobby Young, a student at LaGrange College, Dr. Melton in the group.

Miss Cumby is named to the college clinic, Miss Cumby will serve as nursing instructor at Emory University.

Absence Regulations Subject For Faculty

By FRED BROWN

Class Presidents To Be Included In SGA

New Plan Expands Executive Council;
Class Presidents To Be Included In SGA

Plans to centralize and coordinate student clubs and organizations under the control of the Student Government Association were announced at last week’s Legislative Council meeting.

Dean Harwell also said that the legislature would consider an amendment which would expand the Executive Council to include the president of the Student Christian Association, the chairman of the Pan-Hellenic Council, and the editors of the campus publications.

“This is being done,” said Martin, “because we feel there is a need to achieve greater coordination and coordination among the campus organizations.”

Under the proposed blueprint for centralization, each organization would be asked to submit to the SGA its constitution and by-laws. The organization would then be subject to periodic review by the student legislature. If the organization does not function according to their constitution, purpose, or by-laws, the legislature would have the power to revoke membership to the organization.

The SGA is granted this power by the constitution of the Student Government Association.

JEWISH RABBI, IN CHAPEL WED.

Rabbi Harold L. Gelfman of Congregation Beth Israel in Macon, Georgia, will represent the Jewish Chautauqua Society as lecturer at LaGrange College on the subject "Growing Toward Maturity." The rabbi will speak at chapel at 10 a. m. in Dobbs Auditorium on Wednesday, January 29, 1964. The rabbi will speak at chapel at 10 a. m. in Dobbs Auditorium on the subject "Growing Toward Maturity."
SGA As Cornerstone
Proposals Commended

Last week the Student Government Association Legislative Council heard a proposal by Millard Martin, SGA president, to better coordinate the thirty-odd organizations which exist on the LaGrange College campus.

Martin’s plan contained four aspects: 1) The SGA would assume a greater degree of control over campus organizations. The SGA would periodically review the organizations and determine if these groups were attempting to achieve the purposes set forth in their constitutions, charters, and by-laws. 2) The Executive Council with the approval of the SGA would automatically be included on the SGA cabinet. 3) Social groups to include opportunities for student-wide participation seem to be the extent of the athletic program? It possibly subsidiary to Pan-hellenic, if this were recognized by the college.

The crux of the plan is the assumption by the SGA control of the various campus organizations. Martin’s plan crystallizes and offers a solution to the problem.

Anticipate With Pleasure
Stunt Night Will Shine

Stunt Night, which was originally scheduled for fall quarter and was postponed in order to alleviate the already busy schedule of activities surrounding Homecoming, will be held on Friday night, February 14.

At the time it was postponed, there was much discussion by Diane Nixon, Managing Editor.

“The problem is, of course, that of over-organization. LaGrange College, with a student body of less than 1,000 students, hosts more than thirty clubs and organizations. Some of these organizations exist simply because their members have no meetings, no purpose, and on occasion, no members. Such clubs at these schools no longer be recognized by the college.

Other groups perform duplicate functions, or in a number of cases their function could be more adequately performed by another group. In such cases the two similar organizations should be combined. Such a process would reduce membership, meetings, and improve the quality of the groups.

There will be a rub of course. It will not be easy for the SGA to bring about this situation to disband or to combine with another club.

The problem however, is as simple as subtraction. We merely have to cut down to excess. The numbers must be diminished and the only way to diminish is to create new clubs and meetings. The emphasis will be on quality of activity rather than quantity of activity.

There should be only limited opposition to Martin’s plan and this criticism should be only of the details of implementation, not of the plan itself.

The Hilltop News is proud of the fact that it can offer you its product every week and will continue to do so as long as any business may be found in continuing the publication of the college only.

Plans for the next two quarters call for publication every Tuesday as usual, with from four to eight pages. We hope you will continue to read and use the ads offered by The Hilltop News and continue to trade with our participating merchants.

Excited, I asked my first question. “Uh, Mr. Truck, is it true that this is the largest breed of truck in the world?”

“Yes, that’s correct.” He turned towards a nursery. “In our nursery we have one of those boys. He’s young and I’m afraid I’ll have to let him go, but I’d like to have a few words with you if possible.” The big cab turned and stared at me with cold headlights. “All right, but make it quick.”

Excited, I asked my first question. “Uh, Mr. Truck, is it true that this is the largest breed of truck in the world?”

“No, that’s not correct. It’s a four-lane.”

“Thank you, and come back anytime.”

“Please! We prefer ‘convoy’!”

“Don’t worry, Mr. Truck. You’ll have to go, but I wasn’t exactly sure how to get out.”

“Tell me, how many miles do you think you eat every year?”

“Sewanee College in Sewanee, Tenn., with 736 students, publishes weekly with four pages. South Georgia College in Douglas, Ga., publishes eight pages once a week. The Hilltop News publishes thirteen times during fall quarter 1963, the first issue contained ten pages, the ads offered by The Hilltop News and continue to trade with our participating merchants.

The Women's Athletic Association and the Men's Athletic Association, in their respective organizations, are designed for the purpose of providing all of the students at LaGrange College with an opportunity for participation in intramural sports. Each student at the college belongs to one of the associations. Each full-time student at the college financially supports the athletic program and the associations. Here theory and practice go their separate ways. In actual practice the only participants in the college intramural program are the six Greek groups on the campus. For the men students the way has been opened for the formation of intramural groups other than the three fraternal organizations. The new by-laws of the MAA encourage independent teams to form and participate in the intramural program. President of the MAA, Jimmy New, said, if independent groups choose to form they could support a team. They might not have the financial backing to compete with the college, but they could participate in the intramural program. The Women's Athletic Association, said, if independent groups choose to form they could participate in the intramural program. The MAA president Johnson said that during spring quarter some money is spent for the athletic letters which the women earn while participating in the various sports. Trophies which are to be awarded to the women earnings also have to be bought. There is also some expense incurred in the dying of the present system. Dues are paid to some of the national organizations to which the women belong.

Money is spent by the two athletic associations in various ways. The MAA president Johnson said that for the fall quarter volleyball season. After that, said Johnson, there is no money available for girls other than those in sororities to participate in sports.

Miss Virginia Candy said that the intramural program has to have some money,

New said that the money now being spent by the MAA is which the college intramural program to have more and better equipment. Duplication of equipment is avoided because both programs can use the same pieces of equipment. The WAA employs several methods to raise additional funds. The WAA has a small percentage of the money from the sale of gift suits to women students. Money is raised by the sale of night shirts, and the sale of Stunt Night tickets also serves as a source of revenue.

The MAA performs no such money-raising functions. Money is spent by the two athletic associations in various ways. The MAA performs no such functions. The WAA president Johnson said that during spring quarter some money is spent for the athletic letters which the women earn while participating in the various sports. Trophies which are to be awarded to the women earnings also have to be bought. There is also some expense incurred in the dying of the present system. Dues are paid to some of the national organizations to which the women belong.

Miss Virginia Candy, said that the production of the college yearbook, The Quadrangle, editor Jenny Dorrough has announced the theme of this year's publication. Dorrough said that the annual will be based on a city-college theme and will contain several unique features.

The editor said that the idea for the theme occurred as a result of a survey held last year by The Hilltop News showing the importance to LaGrange College financially to the city of LaGrange. The college bears the name of the city in which it is located. It was founded three years after the city was chartered. The two have grown together. When part of the college were destroyed by fire during the War Between the States, the people of LaGrange rallied to rebuild the buildings. Before dormitories were built, students lived in private homes in the city.

Emphasis on the city-college theme is appropriate in view of the closeness of the two. It is hoped, said Dorrough, that The Quadrangle will be able to portray the relationship which exists.

One of the unique features of this Quadrangle will be the inclusion of an extra section. Feature photographs will be taken on campus and in the city. One of the unique features of this Quadrangle will be the inclusion of an extra section. Feature photographs will be taken on campus and in the city. One of the unique features of this Quadrangle will be the inclusion of an extra section. Feature photographs will be taken on campus and in the city.
George Timmons is perhaps one of the most unique figures on the LaGrange College campus. His interests vary all the way from the cartoons you see on these two pages of fast-
moving Thunderbirds,

George, a senior from Dunwoody, Georgia, is a commercial art major. His artistic talents can be seen in these cartoons as well as in the art gallery, and also in posters around campus promoting dances and political candidates. About two springs ago, George's art work was even seen gracing the backs of many students' sweat shirts (for a slight fee, that is).

But George's talents do not end in art work. If banjo or guitar chords are strummed around this campus, he is sure to be in the middle of the picking. At first George stuck strictly to the banjo, but of late he has branched out into the twelve-string guitar field. It must be admitted, however, that he does get help with his picking and singing in the form of Betty Kinman, his girl friend, and Robert Welshol, with whom he has appeared in several hootnannys and coffee houses.

Another field of interest for George is Sigma Nu Pi fraternity. He was social chairman for this organization for two years and has been the creator of all the Sigma Nu panthers. He has also helped mastermind some of the decorations for several of their dances.

"You Win a Few, You Lose a Few"
Cook Questioning Ends Tuition Raise Rumor Scare
By JERRY BEASLY

The rumor of a tuition raise has been whispered around by several people within the last few days. Having discussed the possibility with both Mr. Cook, business administrator, and Dean Harwell, this has been proven false. Mr. Cook stated that "it is purely a rumor and we don't know anything about it." There seems to be no basis for the rumor whatever.

It is plainly stated in the '64-'65 catalogue, which have already been printed and sent to prospective students, that the overall cost per quarter is $450. LaGrange College is now accepting students on this basis.

Also, the question of raising the tuition has not even been discussed by the Board of Trustees. The rumor that has been printed and sent to prospective students is $450. LaGrange College is now accepting students on this basis.

Students Voice Opinions On November Elections
By JOHN WHITE

While each passing day brings the November Presidential election closer, opinion on the various candidates still has a nebulous vagueness.

In the LaGrange student body, however, there is somewhat of a trend of support for President Johnson.

"I believe Johnson will be re-elected," said Richard Campbell, "but as for the Republicans, I am for Rockefeller. His economy is government policy will have more popular support."

Speaking of the election in general, Campbell said, "I think in this election the Republicans will be looking for someone whom they can run in 1968."

Jack Blackstone commented, "My vote depends on the ability to handle foreign policy. I'm tired of this fighting around on international relations."

"I want a President of actions, not words. So far, Goldwater has sounded like a man of action but I've only heard words," Blackstone concluded.

President Johnson will win," said Billy Hearnburg. "If Goldwater wins, we will lose. I think it will be a race between Goldwater and Johnson.""I am for Johnson because Goldwater is a 'muck-raker.'" Julian Whitten picked as his first choice. "Currently, George Romney of Michigan, but I said, "If it is a choice between Goldwater and Johnson, I go with Johnson. I think Johnson's experience in the House and Senate will be in his favor in November."

LaGrange Jaycees Name College Alum Man Of The Year

Delma Fowler, a LaGrange College Alumna and a local certified public accountant, last Monday was named LaGrange's "Outstanding Young Man of the Year."

The award, presented by the LaGrange Jaycees' Chamber of Commerce, cited Fowler for his outstanding contributions of leadership and service to the community. Fowler was instrumental in the drive to reorganize local LC Men's Alumni Club which sponsored the first annual LaGrange College Appreciation Week last September. It was during this week that new students to the college were introduced to the city of LaGrange and the campus itself.

Fowler has also been an active supporter of LC's athletic programs, working with the local Alumni Club to promote the Annual Panther Preview.

In addition to other campus activities Fowler was a night watchman on the campus.

He is a director of the Chattahoochee Chapter of the National Association of Accountants and a member of numerous other state, local, and national professional societies.

He is also a member of the official board of the First Presbyterian Church of LaGrange and is superintendent of the Sunday School Youth Department.

Ideal Plan For Chapel Program Would Contain Two-Fold Thrust

By DR. TOOMBS KAY

If a person may be permitted to realize his ideal for chapel at LaGrange College, what would be the educational philosophy? Obviously, there would not be one product, but many. Everyone has a solution for what has often been described as our "chapel problem." Ideally chapel would not be a problem but a possibility that is undergirded by a Christocentric philosophy of education. Finally, too, chapel would be the time when the scattered elements of this academic community are drawn together in a corporate fellowship of worship that is in harmony with the educational philosophy. Ideally, such worship would be man's response to the action of God. God's action and man's response follow many avenues. Hence, chapel need not be stereotyped, nor should it be void of the opportunity for students and faculty to respond to the action of God mediated through numerous program potentials.

Ideally chapel would not be compulsory but so thoroughly complementary to the educational goals of students and faculty that no one would want to absent himself unnecessarily.

Ideally chapel would be in a building conducive to the attainment of an atmosphere wherein our finite being may approach the Infinite reality of God, wrestle with issues larger and grander than our petty problems, and be challenged to nobility and excellence — to be more and do more than we can.

Ideally chapel would have a two-fold thrust: it would demand the finest creative imagination, the necessary time, and adequate funds to procure services of unequal merit. Conversely, it would demand preparation, attention, courtesy, and appreciation on behalf of those who participated in the services. LaGrange College has reached the time when serious consideration must be given to having a chapel whose responsibility would be in part planning the chapel services. As for the gathering of students and faculty who attend chapel, that awaits the realization of other ideals.

Unesco Lists Aids To Traveling Students

Nearly 18,000 American students attended foreign universities during 1963 while 17,000 foreign students were enrolled in American schools. The rapidly growing trend toward international studies is world-wide, a phase of the "education explosion." More than a quarter of a million students are at schools outside their own countries. They are aided by thousands of fellowships and scholarships.

The 1964 edition of "Study Abroad," just published by the Unesco Publications Center in New York, lists the opportunities for support in advanced studies outside the United States. More than 130,000 scholarships and fellowships worth hundreds of millions of dollars are available to assist the world's traveling generation of students. The grants cover every branch of learning and come from universities, governments and foundations in 116 countries.

Three Scholarships Established At College By Alumni Donors

Three alumni scholarships have been established this year at LaGrange College.

A scholarship in the amount of $500.00 has been established by the Walter Clifton Foundation of Atlanta in the name of Alphonse Brown Clifton of the class of '56.

A scholarship in the amount of $500.00 has been set up as the Jeanne Belle Adams Scholarship by James G. Gallant of LaGrange.

James G. Gallant of LaGrange has established a scholarship in memory of his wife, Anne Lewis Gallant of the class of 1928.

LC Plays Piedmont There Saturday, Rollins Here Monday

By CLARK STONE
LaGrange College gears up on the road to play conference foe Piedmont College in Dotson Field Saturday night.
The game should be a more formality, with the Panthers chalking up another GIC victory; LC walked away with the game played in LaGrange, 87-64, several weeks ago.
Piedmont is currently on the bottom in conference standings, not having won a game all year.
Monday night Rollins College "ags" will come up from Winter Park, Fl., for a non-conference game.

This game should be a high scoring affair, but a Panther's delight.
Rollins is rebuilding after a 1-18 season last year. They have played some big schools and scored a lot of points, despite getting beat in most of them.

In other games of interest:

Corless Gets 25 As Cats Beat B'ham
LaGrange College bombed Birmingham-Southern Saturday night, 90-67 in Birmingham.
Hugh Corless set the pace for the Cats with 22, followed by Richard Rowell with 16, Roy Undereiner with 14, and Low Halter with 13.
The win was the seventh of the year for LaGrange.

LaGrange College

From 1st Place

By CLARK STONE
West Georgia College knocked LaGrange out of the GIC lead last week, beating the Panthers 67-52 in Carrollton. LC moved to third place behind Shorter and West Georgia.

After a bitter fought first half ended with the Panthers on top 29-28, West Georgia made its comeback taking a 9-0 lead about midway through the second half and were never behind again.
The Panthers were paced by Roy Undereiner with 22, Hugh Corless with 19, and by T. J. Thompson with 14 points.

West Georgia out-shot LC from the floor, hitting 49.4%, while LC followed closely with 48.9%. LaGrange had the jump on West Georgia, pulling down 43 rebounds to 40. LC's Larry Thigpen grabbed 17 rebounds, a new high for the season.
Thigpen did not get into the game until midway through the first half, but stayed in from that point. He was three for three from that floor, but missed a free throw, ending his consecutive free throw mark at 15.

The loss can be in part attributed to the performance at the free throw line. LC hit only 15 of 26 free throws. West Georgia did even worse, hitting only 10 of 18.
