"Bo" Sweeps
L C Campus

The student and faculty poll held recently at Callaway College polled 351 students of LaGrange College to indeed support "Bo" Callaway. A total of 351 votes were cast of which 270 were from the state of Georgia, Lanier Maddox received a total of 20 votes, 19 from Georgia, Two votes were cast for Jimmy Carter, both by Georgians, and a total of 14 had to be thrown out for various reasons. Callaway received the most with 140 votes, Lanier Maddox 130. This poll will indeed come as a surprise to many, but it must be remembered that it represents only the feelings of one school, which in this case is a small percentage of the total state population that will decide who the next governor of Georgia will be.

Freshman Elections

Greeting students, the AOC Reporter here covering the latest news story of the day, the Freshman elections. (I know that you've heard the results already, but stay tuned for the story.) The candidates for President were as follows: Bill Blake and Peter Scoppe; for Vice President, Peggy Cobb, Mark "Geech" Mellocher, Ken McKay, and Ken Scoppe; for Treasurer, Ken Brooksman, Athelia DeLay, Larry "Watermelon Man" Outland, and John Watson. Three votes were cast for run-off Friday.

Anxious crowds running about tearing hair and shrieking in anticipation of the run-off results were soon sent home until the ravages of sun, rain, hail, and the Pony Express had the news. Why? It was the end of the Freshman elections. Of it all came the words of wisdom—"Another victory to Coth, Brown, and Delay close behind!"

Declare Majors

Students are encouraged to report to the Registrar's Office to declare their majors. A student is enrolled in a particular major should inform his general advisor, and that special prerequisite courses for the major may be scheduled. A major may be formally declared at any time after the beginning of the third quarter of the academic year. The student must declare his major in writing to the Academic Dean by the third quarter of his sophomore year. The student should be well acquainted with the courses required for his major and the general education requirements. He should also be aware of the policies governing graduation. The declaration of a major is an important and irrevocable decision that should be taken carefully and deliberately.

Professor Visits Near East

By Linda Lyle

This past summer Dr. Charles McCook, professor of religion here at LC, visited the countries of Israel and Greece. Dr. McCook went to attend the Summer Institute on Near Eastern Civilizations being held at Hebrew Union College. Dr. McCook's time spent in Israel was divided into three different areas. A third of his time was spent in visiting major archaeological sites, such as Megiddo and one of the most impressive, Masada. A number of interesting objects were found while he was excavating at Tel Gezer. When Dr. McCook reached Tel Gezer, digging had just begun. Items very interesting objects were unearthed there such as a clay tablet — the plague of ancient goddess Ashhur. Three burial burials dating as far back as 1700 BC, these burials were so curious compared to other finds. While excavating at Tel Gezer, Dr. McCook and his group were not looking for specifics, but rather facts. He quickly found while he was excavating at Tel Gezer.

"Intriguing" and "fascinating" were the words to describe the countries and the findings of Dr. McCook's visit.

"Competition!"

This was the watchword of the speech, given by Representative Howard "Bo" Callaway while on a speaking tour of Georgia last Monday. He stopped on the hill on the trip to West Point after formally opening the LaGrange headquarters. He was preceded, or rather he had been preceded, by two cars of college students who had also taken part in the "Go Bo" campaign last year.

Mr. Callaway was introduced by the President of LaGrange College, Dr. Henry, and was applauded by the students of LaGrange College. Mr. Callaway used his time to comment on his overall standpoint, competition. He expressed his belief that through competition the state of Georgia could move ahead in four specific areas. These are the same areas that the Representative is using in his overall campaign effort. The first of these areas for consideration is the critical area of state education. "Let us demand the desire to first establish a high salary scale for the teachers of Georgia."

"Perspectives" Cover the Nation

By Frank Campo

Each week for the past two years our faculty, trustees, and board of directors, of the fifty remaining copies copies are sent out to people all over the South for publication. The faculty testing committee, in addition to the magazine and radio and television stations, surprisingly enough not only small colleges, is being carried in this series, but such prominent newspapers as "The Atlanta Journal", "The Southern Point Enterprises", and "The Clarion Ledger", are on the mailing list of the news service. The television stations have been written to express their interest in the series, but such promising newspapers as "The Atlanta Journal", "The Southern Point Enterprises", and "The Clarion Ledger", are on the mailing list of the news service.

Our college news service led by Mr. Allen Thomas is responsible for the tremendous successes that this program has enjoyed. When an article is submitted by a member of the faculty, it is reviewed and edited by a special committee which consists of Dr. Nathaniel Taylor, chairman, Dr. James Dodd, Jr. Calvin Smith, Mr. Sim Horowitz, and Mr. Allan Thomas. After the article has been approved it can be reproduced. Thirty three of these are distributed to members of the call in the schools, thereby increasing its potential coverage which is now estimated to be about one million people. Each week more and more people are becoming acquainted with LaGrange College and its faculty through "Perspectives."

Callaway Visits "C" Campus

By John Clarke

Dr. McCook was very much interested in the operation of the college and the people at the college. He expressed a desire to remove the barriers that separate the states and to attract more new industry. Mr. Callaway also stated his desire to remove the barrier that separates the state and the nation from other Southeastern states in order to attract more new industry. The time is here and the state needs to get to the field and compete with the other Southeastern states to attract these new and vital industries.

Calloway College adds "Go Bo" band

LaGrange College is cooperating with the College Entrance Examination Board in a program to further correlate the scores made on College Entrance Board Achievement Tests with students' performance in college. The achievement test consists of six sections which are administered to selected students between 9:00 and 4:30 on the afternoon of October 15th. The English Achievement test and possibly others will be administered at a later date. The test is being held in the fall of 1965 will be required to take at least two achievement tests at the time they take their SATs, and to have these scores reported to the college.

"REPRESENTING GEORGIA'S OLDEST INDEPENDENT INSTITUTION OF HIGHER LEARNING"

VOLUME X, NO. 4

LA GRANGE COLLEGE, LA GRANGE, GEORGIA

OCT. 1, 1966
I fully realize that there is no demand for this type of person on our campus. Most students are satisfied with the atmosphere as it now exists. But the atmosphere is static; I am not suggesting a remedy. I was to write an editorial about the lack of willing student leaders and I began to remember my former ideal of college: my former ideal of college: excitement, challenge. I had to change. "College," they say, "is serious business. We're here to study and learn." I must not have been listening. I fully realize that there is no demand for this type of person on our campus. Most students are satisfied with the atmosphere as it now exists. But the atmosphere is static; I am not suggesting a remedy. I was to write an editorial about the lack of willing student leaders and I began to remember my former ideal of college: excitement, challenge. I had to change. "College," they say, "is serious business. We're here to study and learn."
How good is Burger Chef's hamburger? It's 100% delicious, that's how good. Sure, there are other hamburgers out there, but none come close to the taste and quality of a Burger Chef hamburger.

But what really sets Burger Chef apart is their commitment to using only 100% pure beef. They cook it over open flames to bring out the natural goodness of the meat. And don't forget, they're known for their 100% pure beef and beef goodness.

So, the next time you're in the mood for a good burger, why not give Burger Chef a try? You won't be disappointed.
Dear Hortense,

One question. . . do girls have clocks or watches in dorms? I'm not used to having to wake up early, but I don't want to risk a repeat performance. What should I do?

In haste,

Impatient Walter

Dear Hortense,

I refuse to answer on the phone. Do you have clocks or watches in dorms? I'm not used to having to wake up early, but I don't want to risk a repeat performance. What should I do?

In haste,

Impatient Walter

Dear Hortense,

Just one question. . . do girls have clocks or watches in dorms? I'm not used to having to wake up early, but I don't want to risk a repeat performance. What should I do?

In haste,

Impatient Walter

Dear Hortense,

I somehow get the impression that he's trying to fool someone. Why is it that when you date cute boys, but with the alarm clock, anyway?

Don't go out with him again, he'll be back. . . when he runs out of money!

Dear C. B. W. T. B.,

Don't go out with him again, he'll be back. . . when he runs out of money!

Dear Hitch-hiker,

The largest turnout. Don't go out with him again, he'll be back. . . when he runs out of money!

LaGrange's Largest Turnout

"Shrew" Has Largest Turnout

By Laura Fieldsteel

Again Dois is lit until the wee hours of the morning with alert, happy working people. One of Shakespeare's best known comedies, "The Taming of the Shrew," is going into production.

Directed by the longest running cast in LaGrange College's history, Miss McKey, director and head of the drama department, is delighted by the students' response to the theater by the student body. An estimated fifty students participated in tryouts.

During the past year, there has been a 10% increase in drama majors. Mrs. McKey is fortunate to have an observational theatre rather than a Broadway type production. Our theatre does not have to make money and therefore has many experimental aspects as it continues to grow.

An invited preview, November 3, for the dress rehearsal will consist of selected representatives from high schools, junior colleges, the administration, faculty, and guests.

Presentation of "The Taming of the Shrew" will be November 3,4,5. Running simultaneously with this exciting weekend, alumni will be able to attend a matinee showing Saturday afternoon before the novembre dance.

The cost for "The Taming of the Shrew" includes: Helen Blackburn, Kay Gillespie, Dorothy Vans, Helen Burton, Sandy, high. John Bolders, Alice Brooks, Pat Parris, burned, and other characters respectively: Kate, Petruchio, Hans Bacchus, Hortense, and friends. They expect that a student filling any course should make this ten. 25 prior to the completion of his twelve quarters. The Selective Service System has requested the colleges and universities to notify the local boards if a student has placed on academic probation since he is not satisfactorily pursuing his course of study.

Men who did not take the Selective Service Test in the spring will be given an opportunity to do so on November 18, 1966. Although a student is not forced to take this examination, the Selective Service System expects a student to complete his academic requirements for a degree in eight quarter hours. The Selective Service System expects a student to complete his academic requirements for a degree in eight quarter hours. The Selective Service System expects a student to complete his academic requirements for a degree in eight quarter hours.
