Ave Atque Vale!

...since the HTN reappeared last January after a long period of dormancy, one of its main objectives was to try to eliminate the apathy on the LaGrange College campus. We forgot, perhaps not to the degree that is ideal, but at least the students as well as the faculty were surprised when they learned what was happening on our campus.

The way the HTN approached this problem of apathy may not have been ideal, but it was successful. We tried to stir up people by displaying a negative attitude, since that is the easiest way to arouse people. This meant challenging some of the students and faculty on their positions. Of course we were faced with hostilities, but for the first time in a long while people started becoming interested in what was going on and doing on this campus. The students were eager to be informed, and the faculty members, who took it all in good humor and enjoyed it, must have been quite shocked, because we honestly laid the facts that were brought up were in the best interest of the college as a whole. Although we didn't hold back any punches, we contested ourselves with starting only small fires.

But let's look at the campus from a different point of view, so for this year LaGrange has made much progress in one year, as it has in the past few years. We got a new constitution, even if its origin was hazy, better administrative communications, and many other concessions, so far our present student government officials have done as much as many others who in their entire year of office.

The next year looks very optimistic, and we hope that continual change will prevail, but there are still many areas that need exploring. We hope that the new type of student will continue to urge students, faculty, and administration to speak up, to speak up more, so that LaGrange College students will not only exist but profit from their stay here. [Sir Launcelot, alias a.b.e.]

"Oest moe"

As the new editor of the HTN I would like first of all to thank those who helped me attain this position. Next I would like to encourage those who have any ideas concerning student issues to submit them to the HTN and not to forget about them. All too often there are good ideas that are not heard and do nothing about them. The aim of the HTN next year will be to print those ideas to be encouraged and to get the problems circulating in the student body in such a way that there are people who can talk about it and who know about the situation which bothers them. This in turn will influence those in positions to do something about the students problems.

By having more of an assortment of articles if the coming year than in previous issues, this coming year looks very optimistic for the Hilltop News and the students of LaGrange College.

JIM MENGE

We feel that the Hilltop News has finally succeeded in reaching the student body of LaGrange College as a source of news, and we sincerely hope you are of the same opinion. The HTN presented to the students during the past year news articles which covered all areas of their social and academic lives on the Hill. To the faculty and administration it presented information on the student problems. The paper carried full publicity to the Vietnam War. The students—all men—are very concerned about the students' problems.

We thought that only Polaks could be successful in covering this summer's events. We know you are nodding in agreement, but it is our desire to inform you that the Hilltop News has analytically succeeded in reaching the Hoppey people, and the students of LaGrange College.

JIM MENGE

BUSINESS

Continued from Page 1

College; visited the annual stockholder's meeting of the Southern Company in Atlanta on Wednesday. The students—all neo-are of the "Corporate Finance" class at the college, in preparation for the trip the students had done special research into the operation of the utility.

Although there were varying degrees of acceptance of the annual meeting and "Free enterprise in action," most of the LC students seemed impressed by the orderly manner in which business was transacted.

For What Its Worth

As seen in a visit by HTN staff certain professors and students have organized an underground bulletin to compete with the HTN, but where's the second issue.

---

Humor has it that the Flying Nun has crashed and burned on Country Club Road.

---

Opinionated rumors have it that God is white, but actually he is Neopolitan with just a touch of lemon.

---

The great big strong American can't beat the little old Vietnamese.

---

God is alive and resides in Smith formal parlor.

---

The Student Center Bar will be closed for repairs during the month of August.

---

The Student Center has been integrated. We now have color TV.

---

Next year fold-out arm bands will be leased with the first edition of the HTN.

---

Unbounded word has it that LaGrange College will start a ten year rebuilding program this summer.

---

Roses are red, violets are blue, I like you, don't you?

---

We thought that only Polaks lived in existence, and color.

---

Humor has it that virgin hair falls out, clicker, clicker, clicker, click, ha, fa, ha, ha, he, he.

---

Humor has it that 90% of the Communists in this country are trained at Quantico, Virginia by J. Edgar Hoover.

---

Just to be different, we think the bookstore for the new color tube. (Anyone for billiards?)

---

How deep is the ocean?

---

How high is the sky?

---

It Was A Very Good Year

LaGrange College and the other educational institutions sponsored a forum on the Vietnam conflict, a three-night series and was broadcast on television throughout the state. This was a significant step on behalf of LaGrange College and the town in bringing students and faculty together to discuss what is happening in the world today. Hopefully other forums will be planned for the coming year.

The week preceding exam have been officially declared "dead week" on the LaGrange College Campus. Dean C. Lee Harwell said that there would be no academic department giving any kind of examination during this week. This is to allow the students to better prepare themselves for their final examinations. Preparing to this administrative statute, some instructors had been ignoring this longstanding regulation.

In a play between the Gamma Phi football team managed to defeat Pi Delta in a game that went into overtime. This was for the first time that Pi Delta had lost the football championship for the last four years. It was an event that was of major significance among the Gamma Phi campus.

John G. Cail II, senior art major, won the coveted Avery Award for his art exhibition. John said that the work is well in almost every context and is a tribute to LaGrange students.

Miss Judy Kocy and Mr. Randy Roy were named as the most outstanding freshmen in a ceremony held earlier this year. This is an outstanding achievement and the students involved are well deserving of these two fine students.

The language students as well as many other students interested in the French language made a trip to Agnes Scott College for their annual program which East college had been fortunate enough to be involved in this year. The campus was a worthwhile as well as interesting trip for all who participated.

The Greek organizations on the LaGrange College Campus have elected their officers for the coming year. The president for the individual organizations are as follows: Pi Delta Kappa, Mary Meloney; Gamma Phi, Butch Miller; Sigma Nu, Robert McLenon; Beta Blue Mu, Byers; Alpha Kappa Thea, Peggy Cobb; Kappa Phi, Nancy Daven; Alpha Phi, Tracy Fack. These individuals, all outstanding members of their respective organizations, are sure to do a successful job in the coming year, according to the Greek leaders.

The LaGrange College Greek organizations have been given the OK to work toward establishing national fraternity and sorority chapters for the coming year. These organizations have made contacts with various national fraternities and sororities, and are optimistic about establishing national on campus by sometime during 1968.

LaGrange College organized last May Day parade, an annual event that has been in existence for fifteen years. It was the first time that the students, faculty and the public attended the event.

The annual Religious Emphasis Week here on the LaGrange College scene was hailed as a success by all. The speakers were Dr. John A. McLaughlin of Fordham University. In his three-day address, Dr. McLaughlin gave interesting and unique as a keynote lecture on the vast resources that the earth offers, and how these will someday be developed to suit his necessities.

Miss Rosemary Neely, was a finalista in the LaGrange College Greek organizations for the 1968-69 year. They all have chosen on the basis of outstanding achievement. They are Jeffre Agnew, Marsha Mullinax, Kathryn Ann Kerr, James H. Smith, and Rosemary Neely. These students were all chosen on the basis of their academic average.

The 1968 Quadrangle has been termed the best ever. It is also the largest publication that LaGrange College has had thus far. Its editor, Bill Mc Cartney, and business manager, Denny Dawson, deserve special recognition for a job well done.

The different Greek organizations on campus have pledged a total of $30,000 this fall. They all have been increasing in number and are currently considering national affiliation.

After being served chills for their meals five days out of seven the students at LaGrange College joined together and demanded a change. They utilized all forms of communication and in short order the situation was corrected.

The catering service at LaGrange College had a change in management. The former manager left after his famed chili cook-off. The food became much better for awhile, but then retrogressed to its usual form. Ugh.

A vast number of LaGrange College students have been enrolled here. Their Loyalty Fund during 1967, amounted to $34,053, surpassing the goal of $30,000. It was up $15,971 over the 1966 contributions.

A further breakdown of the annual giving to the institution by graduates and other former students shows a total of 895 contributions averaging $36.25 each.

The Student Government president and a student actress have been named "Mr. and Miss LaGrange College for 1968."

The two seniors elected by the student body are Rosemary Neely of Pine Mountain, a speech and drama major, and James H. Smith, mathematics education major. William McCarrney of Dalton, editor of the 1968 college yearbook, the Quadrangle, said the two outstanding candidates were elected on the basis of their contributions to the college and their class and will be featured in the next edition of the yearbook.

LaGrange College alumni gave more than $34,000 to their Loyalty Fund during 1967, almost doubling the previous record of contributions.

This was the report made by the Rev. Randy Pollard of Lib- berton, president of the LC Alumni Association, at a semi-annual meeting of the alumni council here last weekend.

Mr. Pollard and almost giving totaled $34,053, surpassing the goal of $30,000. It was up $15,971 over the 1966 contributions.

Another sports year at LaGrange came to an end Thursday with the All-Star softball game in looking back at Grange came to an end last season. 

The Panthers had a string of accomplishments too long to list but some of the highlights are definitely in order.

First place that went to the locals. Wodraska and Dick Tauphin seems most likely to be the combination of Wodraska and Dick Tauphin. Van Younginer, Pete Wodraska and Dick Tauphin broke a case of one team while all the others were defeated by astring of eight consecutive wins of the season, but gamma can't be mentioned, but this is of course limited to a week of practice.

The spring of 1968 saw LaGrange field bonfire and football season for the first time in rolling to a perfect 15-0 mark and clinched the first place with two weeks left in the season. Dick Tauphin scored four touchdowns in the second straight year, topping Van Younginer, Pete Wodraska and Dick Tauphin. Dick Tauphin appeared in a perfect balance in the college-wide sports scene.

In other tournaments, LC finished second in both the Augusta Invitational Tournament in early January. The Indepandents dominated the yearly all-sports trophy for first place that went to the locals. Dick Tauphin scored four touchdowns.
