STAFF ELECTIONS

Former First Lady Featured in Exhibit

Some of the favorite Georgia scenes painted by a former first lady of the state will be featured in an exhibition opening at LaGrange College on Sunday afternoon, Feb. 25.

The artist, Betty Foy Sanders, will be honored at the show's opening with a reception in the college gallery from 2 to 4 p.m.

Ray Shead, head of the LC Department of Art, announced plans for showing the work of the wife of Georgia's immediate past governor, Carl E. Sanders, and invited the public to view the exhibition.

Mrs. Sanders said recently that she has had "the honor and the privilege to be involved with people, emotions, travel and many experiences that involved a whole state. There is much that interests me, and I seemingly have a storehouse full of experiences always that I find it hard to narrow my subject matter down to certain paintings."

My favorite subject is my native state," she continued, "I like to try to capture the feeling of the area I happen to be painting in. This state also has a wealth of folklore about it that is fast disappearing. I have much yet to see and always want to go through means of my paint brush."

Working from sketchbooks filled with her view of old landmarks and new skyscrapers, deep quarries and lonely islands, Mrs. Sanders said she has found special significance and remembrance in the sweep of a flower-filled field or the stark outlines of boats at dock.

Mr. and Miss LC

Jeanne Marie Baker was chosen Miss LaGrange College, and Ed Frazier was chosen Mr. LaGrange College. Jeanne Marie is a social work major from Orlando, Florida. Ed is a history major from Tampa, Florida. They both have plans to continue their education after graduation this spring. Jeanne Marie wants to enter graduate school, and Ed has plans for law school.

Ten Outstanding Seniors

In the past Mr. and Miss LaGrange College have been included on the outstanding seniors list. This year, however, their names were not added so that there would be room for two more seniors on the list of outstanding seniors.

Elected by the senior class, the ten outstanding seniors are: Bill Blake, from Tampa, Fla.; Peggy Cobb, from Daytona, Fla.; Beth Dupree, from Augusta, Ga.; Libby Field, from Seneca, S.C.; James Lee Garrett, from Buena Vista, Ga.; Susan Kayser, from Jacksonville, Fla.; Pat McKee, from Vero Beach, Fla.; Marion (Gretch) McCracken, from Fayetteville, Ga.; Bob McLendon, from Forest Park, Ga.; and John Watson, from LaGrange, Ga.

Bill Blake is a history major. Peggy Cobb and Beth Dupree are Physical Education majors. Beth is also majoring in elementary education. Pat McAtee is earning her major in Chemistry. Libby Field is majoring in elementary education. Marion in English are Marion McAtee, James Lou Garrett, Bob McLendon, and John Watson. John is also majoring in Spanish.

Representative Freshmen

Elected by their own class as the most representative freshmen were Pam Zirkle and Jesse Staglee. Pam is from Woodstock, Virginia. Jesse is from Forest Park, Ga.
We are confronted each day with headache and take two aspirin. World's greatest literature, problems—and we sit playing calm and rest. The greatest beloved hill, there is peace and situations in which we could take a stand. Yet, we sit here on other crises!

Live every day under the shadows world. In these various places are many millions of people who seem destined to be troubled with many troubles. They must live every day under the shadows of feet; and, in case of failure of 3) bottle.

Keep a survival kit handy and everything as if it were loaded.

Words of advice. Approach any topic of general interest. We tackle on a student, faculty member, or administrator. All other correspondence is welcomed and, indeed, encouraged.

Joy's Of A Long Vacation

by Eduardo Martin

After that seemingly endless vacation, we're finally back at LC. Man, I'm really glad to have a shorter Christmas break, say 2 weeks, and distribute the rest of the time between Spring and Summer semester. As it stands, we only have five days between winter and spring quarters. Getting out of school five days earlier in the summer would be a better choice of getting a good summer job. Many of us have realized that we can go to school and have free time at the same time. It would be nice if we could have more free time.

I don't know about you, but I had a hell of a time trying to find a job, get by on what I was making, find things to do in the evenings as my friends came home, convince my nosy aunt that I hadn't been kicked out of school, find transportation, leave home just as I was beginning to enjoy adapt myself to school life all over again, remember everyone's name, get used to cafeteria food...uhh, the joys of a long vacation.
PROFILE:

DR. McCook

When one thinks of LaGrange College, he automatically thinks of the religion department. When one thinks of the religion department, he automatically thinks of Dr. McCook.

Dr. McCook received his A.B. at Emory University, his S.T.B., S.T.M., and Ph.D. at Boston University. His first trip to Israel was under the direction of Hebrew Union College at Jerusalem. He has taught at LaGrange for about eight years, and at one time he taught Psychology and Religion.

His main interests center around his home life. The McCook family consists of Mrs. McCook, and three children. The oldest son, Clay, will be sixteen next month and attends LaGrange High School. His main interest is in playing drums. The other son, Donald, is in his first year of junior high. He enjoys playing brass instruments—especially the baritone. The only daughter and the youngest, Jenny is in her last year of elementary school, and she enjoys doing everything. Mrs. McCook is presently teaching fifth grade at Rosemont Elementary School. The major family interest lies in camping.

Besides enjoying his home life, Dr. McCook also has one other interest—Israel. He enjoys teaching the Old Testament, because he can enrich it with his personal experiences of his trips to Israel.

Not only is Dr. McCook a good professor, but to me, he’s a good person to know as a friend. Don’t you agree?

CONTINUED FROM PAGE 2

Donna Talton: “It’s okay. I don’t really have any suggestions about it, or for it. I just think it’s okay.”

Johnny Nelson: “It looks much better. There is more sports coverage. I like that a lot. There’s just a much better format. The articles pertain to what’s going on in other parts of the country, outside LaGrange College, as well as inside the college. I like it.”

Julia Holbrook: “The pages were not in the right order, but other than that it was okay.”

Steve Segrest: “Somebody didn’t know how to fold it. Oh, yeah, they didn’t print my name on the Dean’s list and, although I didn’t make it, I wouldn’t have minded having my name on it. I’m not criticizing it, I’m just giving my opinion.”

Rebecca Sherrill: “I think it’s a hundred percent better than previous issues. It has articles that appeal to the students and that are a lot more interesting. I even feel like a newspaper.”

Organization News

CIRCLE K

The LaGrange College Circle K Club is a service-oriented club whose members are selected on an honorary basis. It is a Kiwanis-sponsored fellowship of college men organized for service to the college and the community.

Each quarter, the Circle K has two projects: a school service project and a community service project. These include such things as taking magazines to patients at the hospital and collecting old clothes for the Good-Will Box.

The two main projects for this quarter are the handling of the concessions and tickets at the basketball games, and collecting for the Foster Seals Program.

Officers for this year are: President, Charles Stevens; Vice-President, Steve Buoch; Secretary, Dexter Croston; and Treasurer, George Stover. Nancy Night is Circle K’s new sweetheart.

ENJOY YOURSELF BUT BE GOOD

The following is an open letter, prepared by R. H. Rubier, City Manager of Ft. Lauderdale, Florida, and addressed to all students planning to visit Ft. Lauderdale during spring holidays.

I would like to take this opportunity to welcome you to our City and sincerely hope that your stay will be a pleasant experience.

In order that neither you nor the City incur any unpleasantness, the following suggestions and policies have been instituted and will be adhered to unconditionally.

1. Do not come to Fort Lauderdale unless you definitely have a confirmed housing reservation. Our policies and ordinances prohibit sleeping in cars and/or swamping the open. Caravans or trailers are not permitted to park on the beach, if this type vehicle is to be used as living quarters it must be parked in a trailer park specifically licensed for this purpose.

2. All the laws that govern the conduct of the individual will be enforced. A person must be 21 years of age in order to purchase or consume alcohol. Persons guilty of intoxication, (it should be noted that drinking in the open is not permitted) narcotics, use of false identification, or any other form of disorderly conduct and any other unlawful act will be arrested and prosecuted. Violations of the traffic code will result in apprehension and prosecution of the offender.

3. Parents and school officials of any and all students arrested during this period will be officially notified.

Students should be aware of the fact that persons who are arrested and convicted on any charge will have established a permanent, and sometimes criminal record against themselves which could have a detrimental influence later in life.

It is the feeling of the City Commission, this office and all of the City departments involved that if your conduct while in Fort Lauderdale follows your personal guidelines while on campus, your vacation will indeed be a pleasant and memorable experience.

Compliments of

PLANTATION CAFETERIA COLLEGE SNACK BAR

J. T. ELTON Manager

LOIS AVERY Manager

We Appreciate Your Business
CO-CAPTAIN OF HIS GAME DURING SENIOR YEAR AT TRoup BY BEING Nominated prep All-American BY SEVERAL SPORTSWRITERS IN THE STATE.

Senior guard, 5'11", 165 lbs., Vincennes, Ind. This very promising athlete, a very steady influence to the team... One of the most improved now... Averaged 19 points and nine rebounds per game during senior season as a senior in high school. Very quick on his moves, a good shot, and a player noted for his hustle.

FRANK "Frankie" PARSONS
Junior guard, 6'1", 165 lbs., Latrobe, Pa. Played at LaGrange High School and Young Harris Junior College. An outstanding defensive player with quick movements and good ball-handling ability, he also has a good eye for the basket.

DANIEL "Danny" MINK
Sophomore forward-guard, 6'9", 185 lbs., Lithonia, Ga. Averaged only limited action last year, but much improved now... averaged 19 points and nine rebounds per game as a senior in high school. Very quiet on his moves, a good shot, and a player noted for his hustle.

DENNIS "Dean" HERRON
Sophomore guard, 6'1", 190 lbs., Hope, Ind. A transfer from Morehead State University in Kentucky, he brings with him the basketball savvy for which Indiana and Kentucky are noted... His experience and all-around basketball talents are a steady influence to the team... One of the married players of the team.

Robert "Bob" Eble
Senior center, 6'7", 215 lbs., LaGrange, Ga. Averaged 16.4 rebounds although he played only limited action last year, but much improved now... averaged 19 points and nine rebounds per game as a senior in high school. Very quiet on his moves, a good shot, and a player noted for his hustle.

Sidney "Sarge" Smith
Senior forward, 5'11", 185 lbs., Tampa, Fla. A math major, he transferred from Young Harris Junior College, where he averaged 16 points and 11 rebounds as a sophomore... Named to the Georgia Junior College "all star" tournament team and "all conference" teams both years... At Andrew Jackson HS he was named "best rebounder" two consecutive years and to the Gateway Conference "all star" team as a senior... One of the team's best scholars.

Scott Wiseman
Senior forward, 6'5", 185 lbs., Tampa, Fla. Saw considerable action as a junior after transferring from Manatee Junior College. Averaged 19 points per game and named to "all city" and "all conference" selections at Chamberlain High School. At Manatee he averaged 12 points per game, led his team to a 16-9 season and the Florida Junior College Tournament semi-finals, capturing a berth on the Christmas tournament "all star" team... Married and the father of a daughter.

Scott K. Hooken
Senior, 6'7", 235 lbs., Wisconsin. A very promising athlete, he set a high school career record of 457 points during senior year... Averaged 16.4 points a game at Tomp High School last year, named to the State All-Tournament team... Most Valuable Troup High player in the annual Winter Games and the North Springs Holiday Invitational Tournament All-Tournament team... Topping his list of achievements, Nasworthy was honored at the end of his senior year at Trup by being nominated prep All-American by several sportswriters in the state.

Luther Tison
Junior forward, 6'5", 195 lbs., Jacksonville, Fla. A math major, he transferred from Young Harris Junior College, where he averaged 16 points and 11 rebounds as a sophomore... Named to the Georgia Junior College "all star" tournament and "all conference" teams both years... At Andrew Jackson HS he was named "best rebounder" two consecutive years and to the Gateway Conference "all star" team as a senior... One of the team's best scholars.

Ricky Nasworthy
Senior guard, 6'1", 165 lbs., LaGrange, Ga. Averaged only limited action last year, but much improved now... averaged 19 points and nine rebounds per game as a senior in high school. Very quiet on his moves, a good shot, and a player noted for his hustle.

Albert "Dazzler" Stroud
Senior guard, 5'11", 184 lbs., Reisterstown, Md. One of the team's best offensive players, he has twice earned I.C. letters... Scored 1,156 points in three seasons at Franklin High School, leading the state of Maryland in scoring during his senior year with a 30 point average... An excellent ball handler... Married.

Edward W. Clark
Senior forward, 5'10", 175 lbs., Hope, Ind. A transfer from Morehead State University in Kentucky, he brings with him the basketball savvy for which Indiana and Kentucky are noted... His experience and all-around basketball talents are a steady influence to the team... One of the married players of the team.
A LOOK AT INTRAMURALS

by Joe Fisher

Well, the season is underway! With all the teams having played at least one game, things have begun to clean up to where we can at least have a vague idea of what might come off this season.

The first game was Delta Tau Delta vs. Faculty. James Lee Garret, Victor McDaniel, and Greg Cupper led the Delta's to a 43-21 victory over the faculty by scoring 15, 10, and 10 points respectively. Other scorers were Kelly Larson, 4, Dexter Croxton, 2, and Fisher 2.

For the Faculty, Rich Purne led with 7 points, followed by Hinson 6, Williamson 4, Thomas 2, and Jeffrey 2.

Team percentages for this game were: Floor shots: Delta Tau Delta 20/47, Faculty 10/40, Final Shots: Delta Tau Delta 3/13, Faculty 1/12. Rebounds: Delta Tau Delta 30, Faculty 24.

In the second game of the day, Adams and Courtwright led Kappa Sigma to a 54-15 victory over the Independents. Also scoring for Kappa Sigma were Mason 10, Long, 9, Wyn, Brownlow, and Baker with 2 each.

In the Independents' scoring line were Howard 4, Setzer 3, Callow, Nelson, Johnson and Bush with 2 each.

Team percentages for this game were: Floor shots: Kappa Sigma 24/60, Independents 7/15. Final Shots: Kappa Sigma 2/5, Independents 1/15. Rebounds: Kappa Sigma 37, Independents 21.

This game was also an exciting day with Kappa Sigma beating the Faculty 45 to 27. Leading the Kappa Sigma's this time was Coach Rich Mason with 16 points. Following him were Adams 15, Long 7, Courtwright 3, Matlock, Freeman, and Bafied with 2 each.

For the Faculty, Hinson was high with 10 and Williamson 7, Tosh, Thomas, Freeman, and Purves 2.

Team percentages for this game were: Floor shots: Kappa Sig 20/50, Faculty 11/57, Final shots: Kappa Sig 2/10, Faculty 3/17. Rebounds: Kappa Sigma 35, Faculty 35.

In the last game of the week, which I considered to be the best game played so far, Pi Kappa Phi edged Beta Rho 39-37. Pi Kappa Phi showed a lot of strength in the fact that they played 11 men and 9 of those 11 scored.

At first it seemed Beta Rho was on its way to certain victory, but its one weakness began to show. The team started to the toward the half. By the half, they were only leading 24-14. Pi Kap pushed hard by running fresh teams in and finally edged by the one point needed for victory.

Leading the Pi Kappa Phi scoring were Pug Hilt and Dave Covenston with 7 points each, Ralph Sims and Ed Wages hit for 6 points each. Wood hit for 3, Justice 2, Fowler 2, and Wedgeworth 2.

The Beta Rho scorers were Bill McGough 21, Tett 9, Williams 5, Stullman 2, and Holden 2. Bill McGough did an outstanding job on the floor in keeping the teams going like it was.

The team percentages for the last game were: Floor shots: Pi Kapp 15/37, Beta Rho 14/42. Final shots: Pi Kapp 8/20, Beta Rho 9/20.

In this column, as an added attraction, will be placed the name of the player that scored the most points in any one game during the week of play and the name of the player who has the highest total of points.

This week, Bill McGough scored the highest with 23 points in the Pi Kappa Phi vs. Beta Rho game. Ronnie Mason and Roger Adams hold the total title, having 26 points each.

Since a lot of the teams have only played one game and some other teams have played more, this won't mean much now, but should later on in the season.

Women's Intramural Activities Begin

Well, it looks as though the women have invaded the world of sports again this quarter. It's that time of year when the feminine fraulein's don their hobby socks and sneakers in preparation for an invigorating game of basketball.

The competition will center around four main teams. The teams are: Alpha Phi Beta, led by team captain Peggy Studitt, Kappa Phi Delta, coached by Vicki Lyle, Alpha Kappa Theta, under the able direction of Pat Mc Afee, and rounding out the list of teams are the independents, headed by Barbara Laughman.

The first game will begin January 19 at 5:30. Games will follow every Monday and Wednesday. After all the games have been completed there will be an All Star Game. This game will feature the outstanding girls on each team.

The Intramural Activities are sponsored by the Women's Athletic Association. Under the supervision of Miss T. Alfred, W.A.A., advisor, and Ann Martin, W.A.A. president, will combine efforts for a successful turnout.

IDEAL CLEANERS

PHONE 884-4636
Try Us and You'll Be Back!
The stillness is hardly surprising, LIFE comments. "The hard issues—the draft, Vietnam, disgrace—will still deeply affect us. Concern is too ingrained for a return to the cool detachment of the 1950's. And most students are pulling back, recognizing their responsibilities and their own powerlessness to the surface...The strategy of head-on dissent, however successful proved to be, is too painful to sustain."

"The reports were written from the University of Wisconsin, Oberlin College, the University of Chicago, San Francisco State University, the University of Mississippi, San Francisco State College, and the University of Iowa."

"Music is as pervasive on campus as it is in the streets, says one student. "It seems to be more a part of the current college life than ever before. A sampling of the reports:"

Wisconsin (by Joseph Milwaukee) "Our campus disease, as evidenced by the increase in private apartments and sororities, need a feeling of social equality. This is not so far away from the campus where we have seen another culture. We feel that an integrated group is possible."

Chicago (by Roger B. Elsner) "The students are apathetic; but I can say that I know a lot of students, in a somewhat otherworldly alienated way. University of Chicago students seem to be islands in themselves. One reason the football games fall—the first since Robert Marshall's death—were that people were happy. There is a great deal of apathy. We have a lot in common and we can understand each other. And for once we're not only to be happy, but to survive. This is so obvious to us that we wonder why others do not see it."

Oberlin (by David Elsner) "Oberlin in 1969 is not the busy student Oblie of the past. The campus is quiet, the library iscrowded as never before, and student power, at least for the time being, is dead."

The term papers the "Big Business" and the "Paper and Organization" are all of the nature of a social change like New York and Los Angeles, innovative radical leaders are to be the future of the nation's eight million college students. The future are to teach college English, to write a novel that receives worldwide acclaim, and to win a Silver medal (why not a Gold?)etable voting in the next Olympics. She would not reveal any record of their lives; she only said; "Just like everyone else."

‘Rantsav is a sister of the campus, knowing that they have been banned on campus by police at Madison, Wisconsin."

"The sound of music, which is so obvious to everyone or we would not have been here."

Need help in finding a title that will suit us. We are looking forward to hearing from you.

New Haven, Conn.—A computer at Bridgport, complete with 24-hour answering service, is becoming a leading industry, offers as an agency-prepared term paper a year for college students. The agency-prepared paper, originally written for a student at the University of Bridge, was then submitted with disastrous results to a Yale professor. The paper, which had merited a B in Bridgport's first-哲学 course, was termed "a hastily matted disarray" and graded a failure by Yale teacher William McFie."
