The Nominating Committee of the Student Government Association has announced its nominations for SGA officers of 1970-1971. These candidates will give campaign speeches at Assembly next Wednesday. Elections will be held the following Thursday and Friday.

Nominated for SGA’s highest office are Terry Savage, Howard Staats, and Charles Stevens.

Charles Stevens is a pre-med chemistry major from Buena Vista, Georgia. He is past secretary of SGA and presently on the Judicial Council. He is also President of Phi Delta Delta. In outside activity, he is a member of Kappa Sigma, Sigma, the Methodist Church, and is the present president of Circle X.

Nominations for Men’s Vice-President are Ken Ackles, Mark McRae, and Stan Moor. Warren Shelhorse’s name has not been made official yet, but with such overwhelming enthusiasm for the plan, I am reasonably sure that we will decide to follow the schedule again next fall.

Sixty-nine per cent of the students and eighty-nine per cent of the faculty want the college to continue the new calendar plan next year. Dean Harwell said, “It hasn’t been made official yet, but with such overwhelming enthusiasm for the plan, I am reasonably sure that we will decide to follow the schedule again next fall.”

The student teachers will have made two A’s in college and may be eligible in addition to those listed above. They, too, are invited to apply for membership.

Alpha Mu Gamma was founded in California in 1931, and now has over one hundred chapters in colleges all over the United States. Its purpose is to recognize achievement in foreign languages and to stimulate appreciation for the cultures and literatures of other peoples.

Other than for membership, a student must have completed two hours in B in a modern language in college (not necessarily at LaGrange), or two A’s in college and one hour in a modern language. Miss Garrard emphasized that since high school records for transfer students are not available, several students who have made two A’s in college may be eligible in addition to those listed above. They, too, are invited to apply for membership.

Unlike Independent Study in the major of the student, nor is it necessary that the student shall have attained any particular quality-average point. The student is encouraged to choose a subject which is not regularly offered, but that may be necessary or helpful. For example, if a student needs a subject which is not being offered in a specific quarter, he may complete the requirement by the 390 Special Study course.
EDITORIAL

For the past several weeks, I've been urging everyone to get up off their apathy and do something. My editorials have tried to make each of you think, through your own ideas and beliefs and then stand behind them. Along with other critics of today's "I-don't-care-I'll-live-out-of-anything-to-do-you's" there are things to do, opportunities to pursue. The point is that not much of life is going to fall at your feet, not many challenges are going to jump up at you and demand to be met. You are going to have to find "your thing" and pursue it.

We can sit around and wait for leaders and makers to make our own individual lives happy and complete. We will never succeed in anything by complaining about it. For example, you might get out and campaign for your favorite candidate; in fact, if you got really excited, you might even go out again next week. Or you might help with the Miss LC pageant, or get involved in the productions of our drama department. If music is your thing, well, our campus has groups for that too. There is even a Wednesday afternoon discussion group for the intellectuals - very few of them.

And if you just plain run out of anything to do, you might go all the way down to the gym and give some support to our varsity basketball team. These are only examples of things to do, opportunities to pursue. The point is that not much of life is going to fall at your feet, not many challenges are going to jump up at you and demand to be met. You are going to have to find "your thing" and pursue it.

George Courtwright scored 14 points, including the winning free throw, to lead Kappa Sigma to a 43-42 come-from-behind win over Pi Kappa Phi. Although behind at one point in the final half, 1910, Kappa Sig rallied to tie at 42-42 with 22 seconds left in the game.

The second half started off slowly with neither team capitalizing onifferential chances to score. Then Pi Kapp hit collected 10 points off 3 free throws made by Kappa Sig. The 10 points would be Pi Kapp advantage. Courtwright came back with a layup for Kappa Sig to tie at 40-40. With 22 seconds remaining in the game, Ronnie Staats each collected 4 points; Robert Wood had 10; Mike Covington shared scoring honors with 19 points; Mason with 9; Adams, 14, followed by Dave Long with 10 points. The ball was in the hands of the Kappa Sig. Both teams have now 4 wins and 1 loss. Kappa Sig the winner, 43-42. For Beta Rho, McGough led with 12 points. George Courtwright also contributed 7 points; Ric McDaniel played an excellent game with 19 points; Wood, Ralph Sims, and Howard Staat each added 2 a piece.

LITTLE MAN ON CAMPUS

In spite of your test scores there is one factor which you are NOT counting your final grade. It's whether you have INVESTED in your education. I just don't care if you like me or not. By Gene Colum

A CHRISTIAN WITNESS

Seme and Nonsense...You figure out which is which. The A Dministrative Office announced that the legal follow-up to the highly successful LaGrange Plan. Next year the fall quarter will begin on June 15. One month of vacation will then be given for the 4th of July, Labor Day, Halloween, Thanksgiving, Christmas and New Years. This plan goes into effect as soon as they find a way to increase the number of days in the year. Buzz kissing, Whitie, the like the LaGrange Plan...Has Coach Meretti considered making a deal with the Religion Dept. Maybe for some of those scholarships he could get up a prayer team. Or maybe he's not that desperate for them. But judging by the buildings around his it was Hypothetical for them to peddle death in an institution devoted to the saving of life. Could that be connected to a "Christian" college...There is no truth to the rumor that Dr. McCoobs application to the Israeli Government for workman's compensation has been rejected...I didn't think that was a very Christian thing to do...I don't like those who take advantage of those who are creating waiting lists. Here with our emphasis of our Church relationship we have to send a man all over the country recruiting. When I was a salesman I was taught to sell the features of your product that was unique. Few schools have a Religion Department like LC. Rather than trying to out liberal us the other liberal artisians, it would seem normal to push our unique Dept...I see that our Underground Government is having a hard time long enough to offer some more of the same for next year. Why not a debate with a question and answer period. Why not make them all run by a block vote in a quick run through at a required assembly. The whole thing is not democratic. Candidates selected by their predecessors quickly paralleled before a captive audience. Half the student body knows none of them, so you close your eyes and shout. No, I probably won't vote, but the reason is not apathy. It's...And I don't mean to sound like the "we" who...Rather than trying to out liberal us the other liberal artisians, it would seem normal to push our unique Dept...I see that our Underground Government is having a hard time long enough to offer some more of the same for next year. excellent first half, scoring 14 points and controlling the boards to lead Delta Tau to a 30-18 halftime lead. Playing a much better second half, the Indians, behind Steve Segreti and Ken Callow, out the Delts’ lead to 52-39, before James Lee Garrett and Greg Clapper combined steals with points to win things up for Delta Tau. Carlton Howard played a good floor game for the Indians as did Garrett and Clapper for the Delts.

Scoring for the Indians were Segreti with 16 points, Callow had 14; Howard tossed in 10; Bill Holtzinger had 5; and Thomas Bush scored 2 points.

McDaniel and his best production of the year scored 20 points to lead Delta Tau. Garrett followed with 12; Clapper and Dexter Croxton scored 6 each. Kelly Larson had 4; and Joe Fisher, Bob McChesney and Cess Newton had 2 points each.

In Thursday’s action, Pi Kappa Phi overcame a 21-16 second half deficit to defeat Delta Tau Delta, 39-31. The first eight minutes of the game were very slow, as both teams could score only four points combined. At halftime, Delta Tau was able to go out with a 15-13 lead. Delta Tau came back in the second half looking as if they might stay in the lead. At that point, though, the Delts’ shooting cooled off and David Covington started hitting. In a 5 minute span Covington scored 7 points leading the Pi Kapp rally which resulted in the 38-31 final score. Pi Kapp is now 5-1 in league action, while the Delts fell to 2-4.

In WAA action on Tuesday, the Independents out-defeated Alpha Phi Beta in a low scoring ball game, 16-13. Bobbie Harris and Jessie Richards split 12 of the Indies’ points between them to help overcome a 5-7 halftime deficit. Susan Travens tossed in the remaining 4 points with 4 free throws. Scoring for the Alpha Phi’s were Mickey Sackett with 4 points, Melissa Elm with 6; Cathy Mashburn tossed in a 2 pointer; and Mary Lou Schmidt with 6; Diane Hatch had 5; and Karen Martin collected 10 points; Saliy McDaniel best with his 8 points, Carla Segrest with 16 points; Callow and Clapper for the Indies.

SPORTS

With the basketball season fast coming to a close, the Panthers split in their last two games, winning over Mercer 87-76, and losing to Valdosta State 81-70.

Luther Tyson was high scorer in both games with 31 and 21 points respectively. Against Valdosta, Danny Monk hit 18 points while doing a fine job at forward in place of Scott Wiseman, who did not dress because of illness.

Bob Eble returned to action Saturday night against Valdosta State, scoring four points while seeing limited action. Bob should be a boost to the team in the rebounding department for the last few games when coach Pat McAfee has done a fine job at center since Bob’s injury in early January and deserves a lot of recognition.

Luther Tyson has a chance to be the leading scorer in the conference. He is averaging over twenty points per game at this time, and is ranked third in the GIAC scoring race. In the fouling and free shooting department, Al Stroud has definitely been the team leader in the last three games. Al has not committed a foul in those games and has made 17 straight free throws in the same span.
